Hail to thee, Alma Mater,
Fairest of them all.
Blithe scenes of happiness
Our memories recall;
Though o'er the world we roam,
In our hearts ever lie—
Loyalty, faithfulness
To our dear Pineville High.

Foreword . . .

Schools are rather like people. Obviously this is true because they are aggregations of human beings. As such they can be successful or mediocre. Occasionally, they may even fail to achieve many of the purposes for which they are created. After ten years of existence, a school should have a set standard of performance, and such is the case with Pineville High School.

From the first day of classes at our school the conscious aim of administration, faculty, and student body has been to develop the best school possible. To this end course offerings have been increased from thirty in 1952-1953, our first session, to forty-nine in 1961-1962, our tenth. Physical facilities have increased from eighteen classrooms to thirty-two classrooms plus a modern cafeteria and a completely equipped gymnasium. Presently a commodious stadium and athletic field, which will be completed before the end of the present session, is under construction. In addition to these improvements, guidance services are now available to all students, and a foreign language lab and a large bandroom with practice rooms are included in the school's instructional facilities.

Though plant improvements are highly desirable, without a record of scholastic achievement buildings,

and such things have little meaning. To match physical improvements in the school's facilities, students from Pineville High have consistently shown that they receive good secondary school training. For eight consecutive years our entrants in the Central Louisiana Literary Rally have taken top honors and have won over all other double-A competitors. In the period 1954 to 1961, the percentage of our graduates who entered college rose from 42 percent to 69 percent. Graduates of our school enter all the institutions of higher learning, both

state-supported and private, in Louisiana and are easily able to compete academically with students from older and larger high schools.

Members of the faculty continuously strive to improve teaching skills by attending institutes, summer workshops, and graduate schools. In the ten-year period of our school's existence, the percentage of faculty members holding the Master's degree has risen from 27 percent to 43 percent. All of our teachers are fully qualified in their subject-matter fields and are fully certified. Concerning the faculty, it is worthwhile to note that it has supplied the Rapides Parish school system with an assistant superintendent, three supervisors, and two principals.

As our school's first decade comes to a close, we look back with pride of accomplishment and gratitude for community support, but we also look ahead to even greater achievements which certainly must be accomplished by those who will be our successors.

Cenla and State Literary Rallies

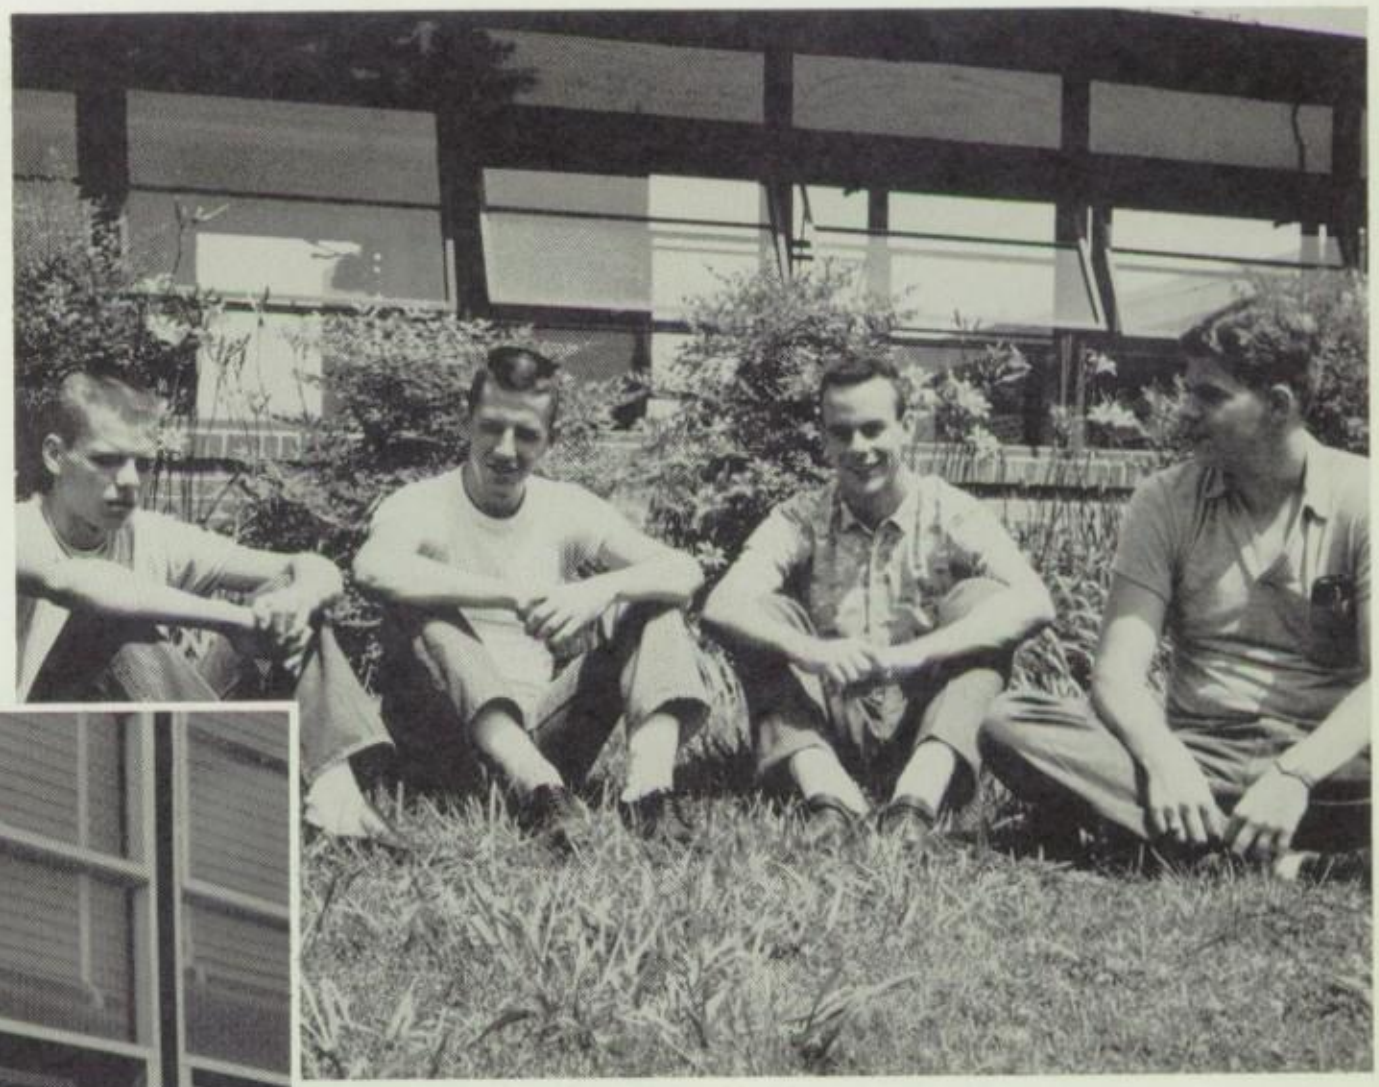
LITERARY RALLY

Pineville High School took first place honors in the Central Louisiana Literary Rally for the eighth consecutive year. Our entrance had competition from 700 students from thirty other Central Louisiana schools. Cenla Rally was again held at Louisiana College where tests were given to students in their respective fields. Out of thirty-one Rebels who were eligible to attend the State Rally, because of their performance in Cenla Rally, fifteen placed first, second, or third.

STATE RALLY WINNERS, FIRST ROW, left to right: Mary Lou del Toro, Mary Ann Wendorf, Carolyn Price, Margaret Wetherford, Georgia Johnson, Marilyn Jo Humphries, Roxine Merwin. SECOND ROW: Jack Merwin, Mike Yoist, Thomas Howell, Frank Thibodeaux, Larry Johnson, Harvey Luttrell, Nelda Nalley, and Kaye Roberts.

CENLA RALLY WINNERS, FIRST ROW, left to right: Anna Morrison, Judy Williamson, Mary Lou del Toro, Janice Brock, Peggy McGee, Roxine Merwin, Weslyn Sweeny, Paula Jo Leatherman. SECOND ROW: Joseph Burnaman, Bonnie Sowers, Carolyn Price, Mary Ann Wendorf, Kaye Roberts, Marjorie Floyd, Georgia Johnson, Marilyn Jo Humphries, Nelda Nalley, Margaret Weatherford. THIRD ROW: Jimmy Magnan, Frank Thibodeaux, Mike Yoist, Thomas Howell, Jerry Meredith, Larry Johnson, Harvey Luttrell, Sharon Derbonne, Pinky Parker. FOURTH ROW: John Pell, Jack Merwin, Don Howard, and Paul Taylor.

Music Rally



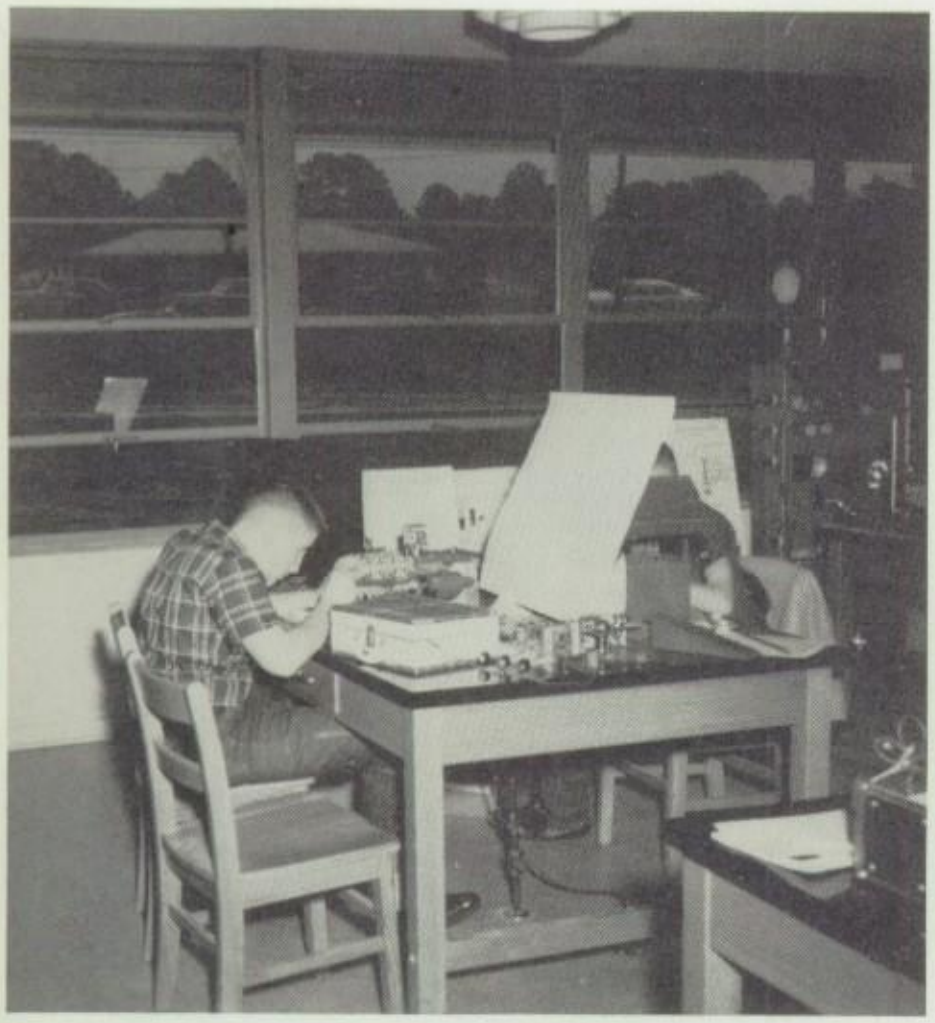
BOYS' QUARTET, left to right: Duane Yates, Tommy Carter, David McKenzie, and Thomas Howell.

GIRLS' TRIO, left to right: Anna Morrison, Mary Hutton, Marilyn Jo Humphries, and Ruth Ellen Franz, Accompanist.

MUSIC RALLY

Contestants from Pineville High who participated in the Central Louisiana Music Rally took second place with a total of twenty-nine points. These points were gained as follows: Girls' High Voice; third place, Mary Hutton: Girls' Low Voice; second place, Marilyn Jo Humphries: Girls' Trio; second place, Mary Hutton, Anna Morrison, and Marilyn Jo Humphries: Boys' Quartet; first place, Duane Yates, Tommy Carter, Thomas Howell, and David McKenzie: Mixed Quartet; third place, Marilyn Jo Humphries, Anna Morrison, Duane Yates, and David McKenzie.

Eighth Annual Science Fair



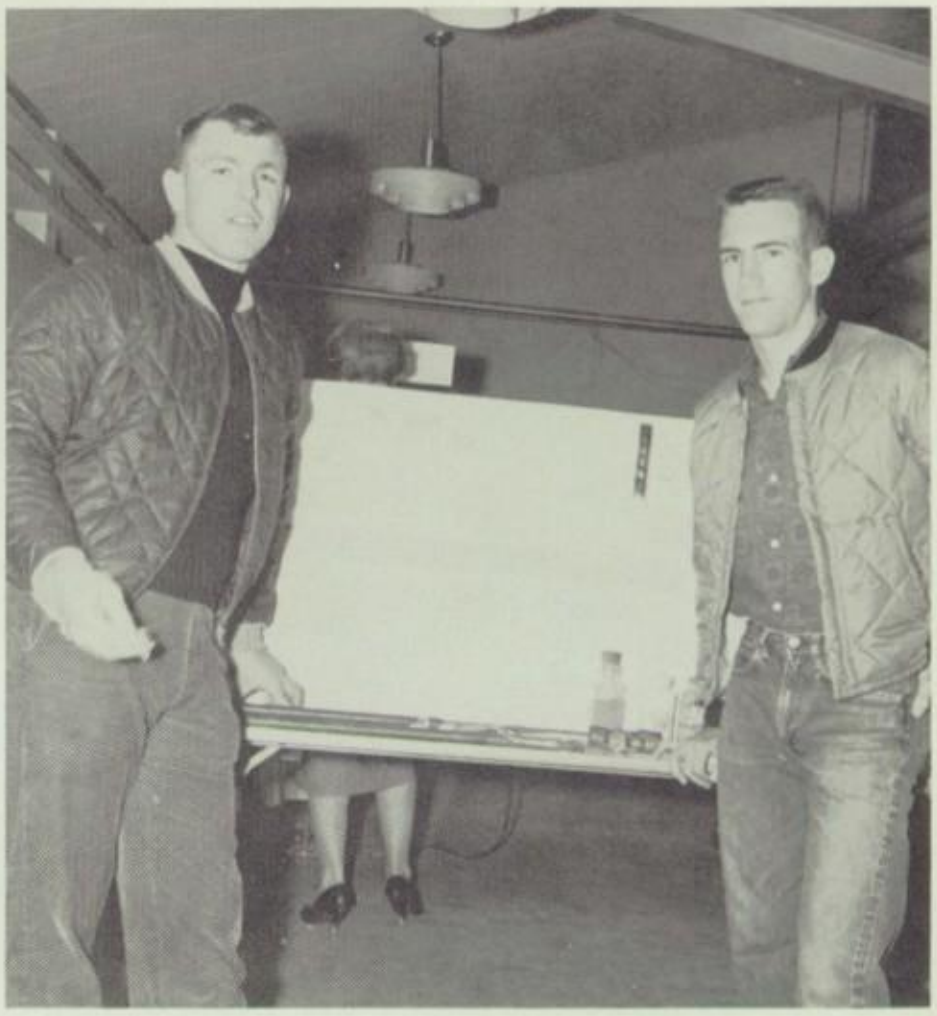
John Walker made last minute adjustments before his project was judged.

Increased emphasis on science and scientific studies in recent years has made the annual science fair one of each session's most important events. Every student enrolled in a science course is encouraged to prepare a project or research paper which will permit him to explore completely some facet of the course material that he is studying.

Because so much new scientific information is made available every year, no student is unable to develop a project. Each instructor strives to promote originality of thought and utilization of the scientific method of investigating natural phenomena. The degree to which they succeed is demonstrated by the large number of excellent projects displayed annually.

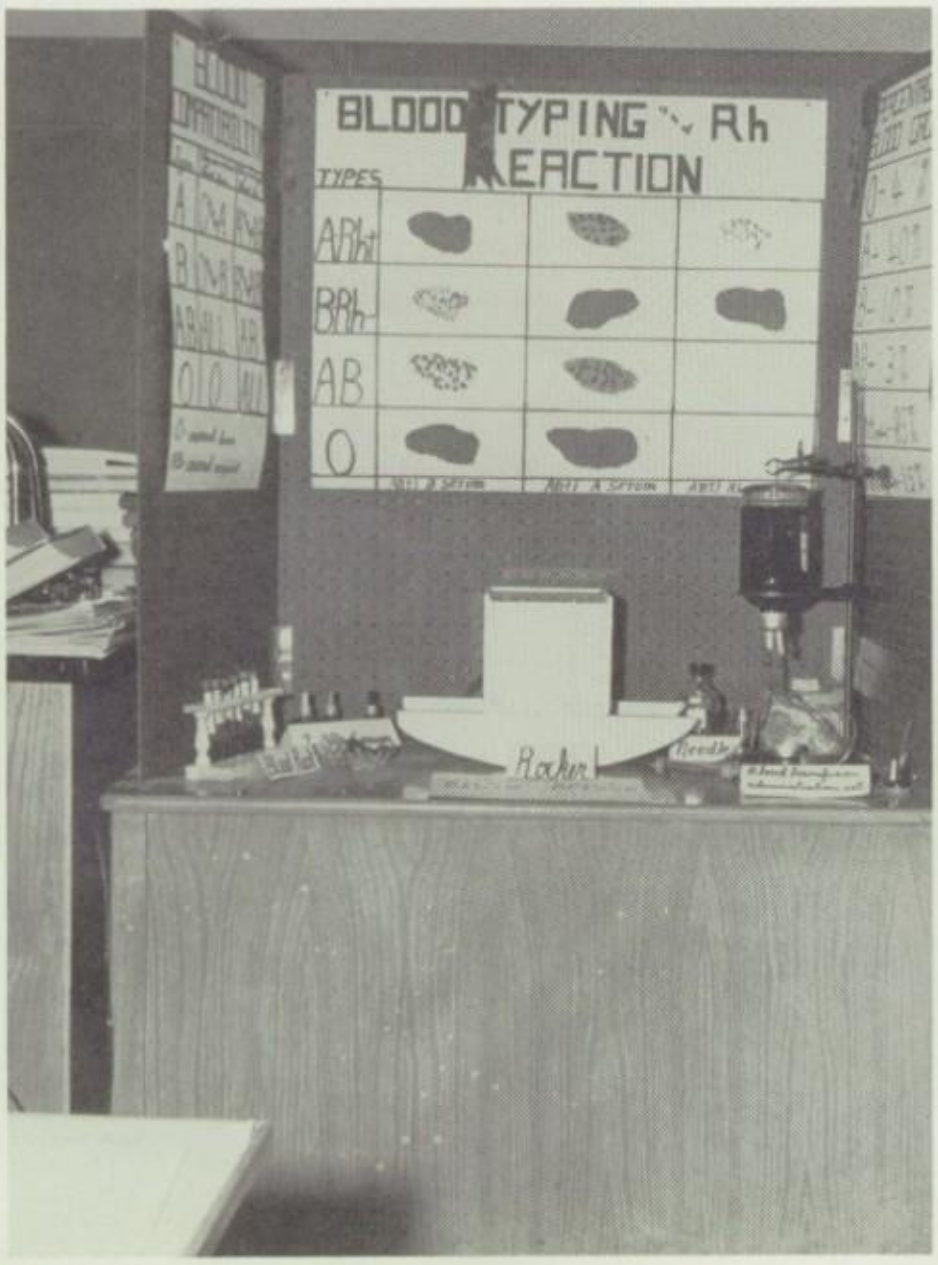
FIRST ROW, left to right: Susan Cantrell, Ann LeSuer, Ruth Wittman, June Broussard, Anna Rine, Doris Hooper, Susan Greer, Lynn Hale, Ann Griffith. SECOND ROW: Thomas Milligan, Ronnie Girlinghouse, Darryl Reed, Tommy Godfrey, Frank Thibodeaux, Sammy Goodwin, Edward Barron, Mason Campbell, Landry Saucier, William Cryer, Robert Bates, Earl Bailey, Malcome Stehr. THIRD ROW: Jerry Gallien, Lucian Conway, Diana Maillet, Scotty Gammenthaler, Tom Lane, Judy Williamson, Douglas Wells, Marilyn Jo Humphries, O'Mally Shell, Doris Barron, Larry Vickers. FOURTH ROW: Don Sapulvado, Wayne Bardwell, David Corley, Robert Buckley, Robert Cavanaugh, Wayne Barbee, Judy Whitworth, Linn Barron, Lynn Cavanaugh.

Judy Williamson not only copped grand prize at our school's science fair but also took first place honors in both District and State Science Fairs.



David Corley and Harry Thibodeaux shared first place in physics with their experiments in rocketry.

First place in the junior division of biology went to Susan Greer for her study of blood types.



Eighth grader Larry Vickers received honorable mention in earth science with his solar furnace.

The cast and the audience were shaken up by "The Nervous Wreck" and his pals.

The Nervous Wreck brought down the house

During each school session speech students participate in many worthwhile activities and achieve many notable successes. But of all their activities none are more eagerly anticipated than their dramatics presentations, which are a one-act play and a three-act work. These plays range from tragedy to mystery and comedy.

"Light-hearted comedy" is the only apt description for the 1961 three-acter, *The Nervous Wreck*. Hard work and inspired talent combined forces to produce a first-rate performance that was thoroughly enjoyed by all who saw it. This success indicated the quality of plays that will be presented in the future.

Rehearsal proved too much for Frank Thibodeaux, "The Nervous Wreck."

Spring Concert

For faithful service to the Rebel Band, Max Blaylock was the 1961 recipient of the John Philip Sousa Award.

Karl Long, Gary Reynolds, and Max Blaylock practiced long and perseveringly for their part on the spring concert program.

Many musical tasks fill the lives of members of the band, but none calls for more careful preparation than the spring concert. This program runs the gamut of the concert band repertoire by including music that ranges from classics like the overture to *Egmont* to novelty numbers such as *"Bugler's Holiday."*

Each spring concert program includes awards and honors which are presented to band members whose service to the music department has been of a superior quality. 1961 award winners were: Max Blaylock, Dennis Boyter, Sharon Sowers, Vickie Lott, Mike Haley, Ruth Franz, Karl Long, Jimmy Magnan, Sandra Futrell, Tom Lane, Jan Fulton and Lynelle Ford.

Almost every organization at PHS has an annual party or initiation. All members eagerly anticipate these activities and plan carefully to make them successful.

Though there are far too many social events to be pictured, those shown on these pages are very typical of our many school-sponsored happenings.

Each year at our school the junior class honors the senior class by presenting the annual Junior-Senior Prom.

Juniors scrimp and save all year in order to decorate the gym and hire a dance band. Among a few of the money-making projects of last year's juniors were a Powder Puff football game featuring the feminine members of the junior class, a sandwich sale, and an invitational basketball tournament with junior high schools of the area participating.

Palm trees, greenery, a bamboo hut, and background scenery depicting a Bali Hai gave a tropical isle atmosphere to the 1961 theme, "South Pacific," while musical background was provided by the Jokers.

Again the prom-goers seemed entranced by the music of the Jokers.

solemnity of graduation.

Pretty dresses and dinner jackets of the ushers contrasted with the formality of caps and gowns.

Graduation is, of course, always the culminating activity of secondary school experiences. Four years of hard work, study, club activities, anxiety, ball games, and, above all, some of the best times we ever have come to an end with this occasion.

Looking back, it seems that four wonderful years have slipped into nothingness before they even began. In reality the brevity of the time only appears so because many things were being learned, many ideas explained, and many new people were being met.

Seniors are always aware of the loss of familiar things that graduation brings, but they are equally aware that the ceremony is not an ending, but, rather, it is truly the commencement of adulthood.

Kepi-signing is always a big event with Rebels.

activities plus plain fun the pulse of campus life.

Informality and lots of fun were the chief ingredients of the Rebel Club's spring dance.

With spring in the air, Pineville High School saw the coming of various activities. Spring of 1961 included the Rebel Club dance, a style show featuring clothes made and modeled by home economics students, an intrasquad football game as a preview of the season to come, and a basketball game with the men of the faculty playing against the Hazel Walker All-Stars.

The new stadium was just a shapeless gully, but . . .

This was the "rugged fastness" of Sandy Canyon until . . .

Ever since our school first opened in 1952, there has existed a pressing need for adequate athletic facilities that are part of the Pineville High School physical plant. The 1957-1958 session marked the dedication of a modern gymnasium, but this still left the football and track teams without a playing field on the school grounds. Last year, though, our dream began to come true when a bond issue to provide funds for constructing a stadium, a football field, and a track was approved. Soon this dream will be a reality.

Principal's Message

The progress of Pineville High School is depicted by the pictorial review as shown in the tenth annual publication of the *Kepi*.

Progress is only possible when school facilities, equipment, and curriculum expansion are evident in the better prepared student to face his responsibilities in meeting the challenge of today's world. To the *Kepi* and its staff, we salute you, on this great achievement on the tenth anniversary of Pineville High School.

Correct language usage forms

Foreign language instruction is offered in Spanish and French to all interested students. Those enrolled in these courses not only learn grammar and how to write the language but also to converse in it intelligently.

All language students benefit greatly from Pineville High's new "language lab," where, with the aid of records and tapes, they have an opportunity to learn authentic pronunciations and accents.

Careers in radio, television, law, government, and business all demand skill in public speaking. Speech and debate activities develop poise and self-confidence that remain a lifetime. In almost every type of endeavor there is a need to be able to voice opinions well in order to effectively present views to others. The self-assurance students acquire through the mastery of speech and debate techniques are invaluable to our highly competitive society.

the basis of all learning ~

It is important that we understand the language we speak. In our English department emphasis is placed on improving diction, vocabulary, literary appreciation, and creative writing.

Each student is required to take at least three full years of English, since it is important that all people fully understand the language they speak, and that they learn to speak and write it correctly. Students increase their vocabularies through reading and orthographic exercises.

Besides vocabulary development, intensive study of grammar is required of students. This includes emphasis on sentence structure and the most effective ways to use words to state or write ideas clearly.

To provide books, magazines, articles, pamphlets, film strips, recordings, and other materials that facilitate each student's education is the purpose of the library.

Skits provide acting experience for speech students.

"Language is the amber in which a thousand precious and subtle thoughts have been safely imbedded and preserved."

R. C. Trench
The Study of Words

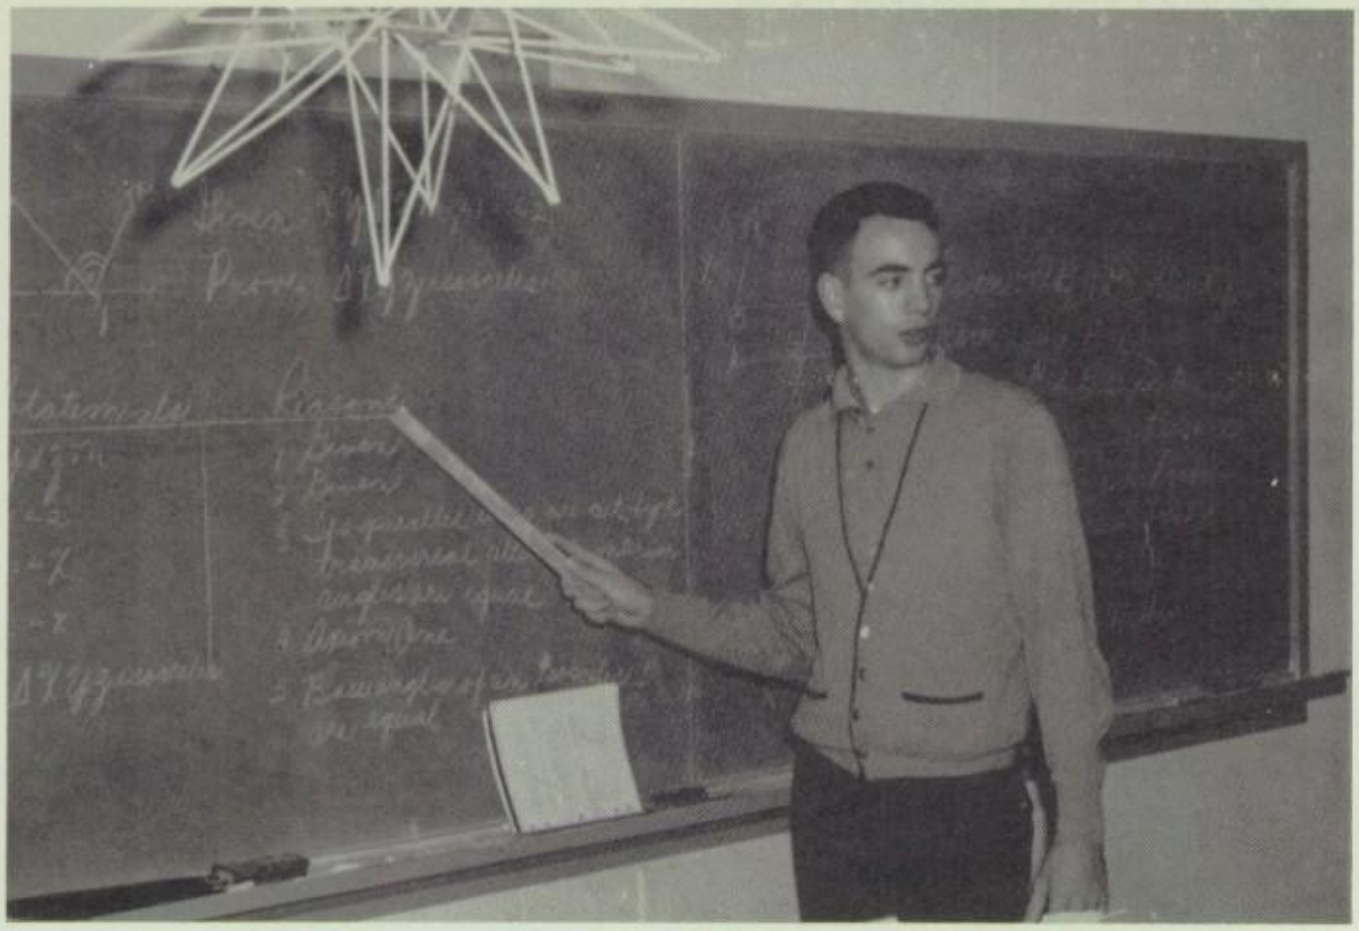
Enlarged and improved facilities for science instruction have been among top priority construction projects at Pineville High during the last five years. Because of increased emphasis upon scientific instruction and augmented requirements for graduation by the State Department of Education, the availability of new labs and classrooms has become doubly important.

All students must now complete two credits in science instead of the single credit required in past years. To earn these credits each person enrolled at the school has a choice of biology, physics, or chemistry.

Also, every year the science department holds a science fair in which each pupil is encouraged to enter a project. Many of these projects are judged good enough to be entered in both district and state science fairs where they often have rated top honors.

"Science and art belong to the whole world, and the barriers of nationality vanish before them."

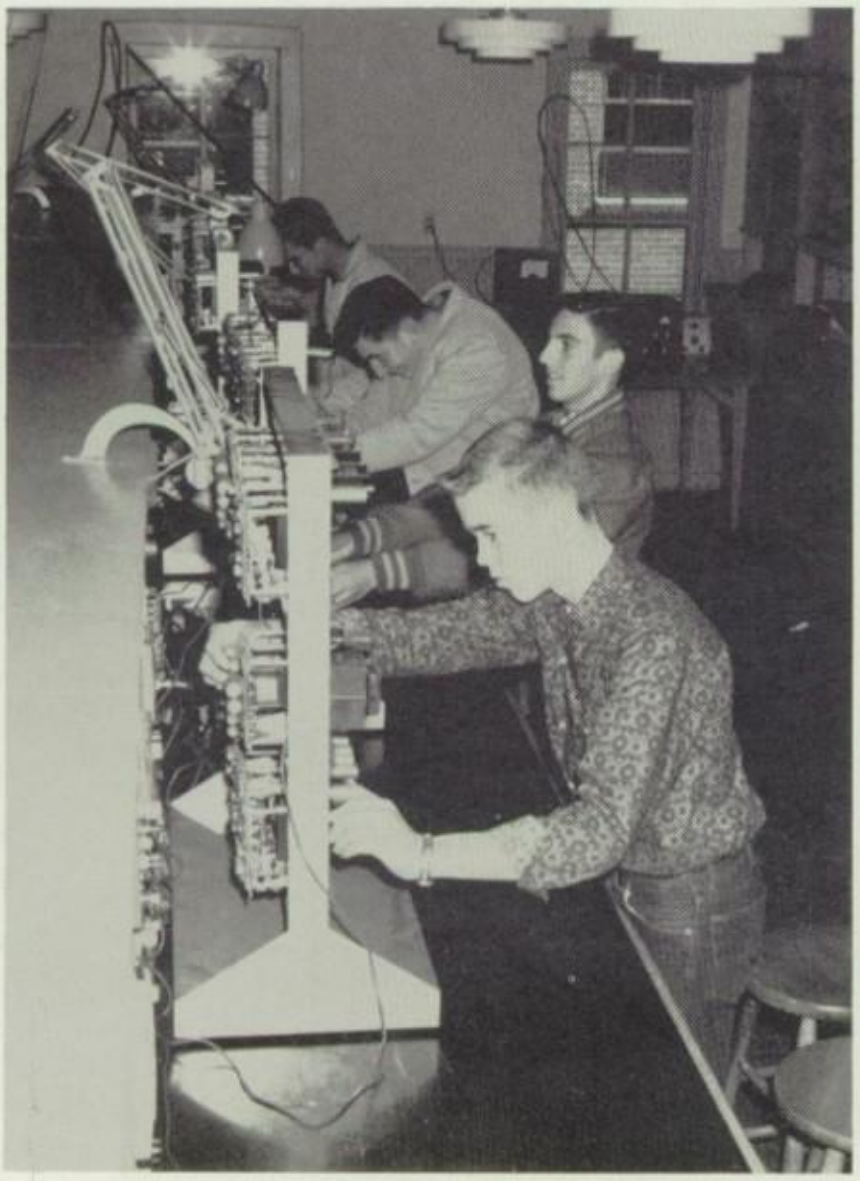
Goethe



Mathematics studies demand careful thinking and insight. Those who have completed any math course are quite aware of this fact. Successful study of math requires more than mere rote or memorization. Cognizant of this, the mathematics faculty at Pineville High demand that each student labor earnestly to achieve real success. The degree to which they have succeeded is reflected in an increasing number of our graduates who plan careers in fields such as engineering.

Included in math offerings at our school are beginning, intermediate, and advanced algebra; plane geometry; trigonometry; and senior arithmetic. This variety of courses enables each pupil to select studies appropriate to his inidivdual needs.

Science and mathematics are the workhorses of modern technology

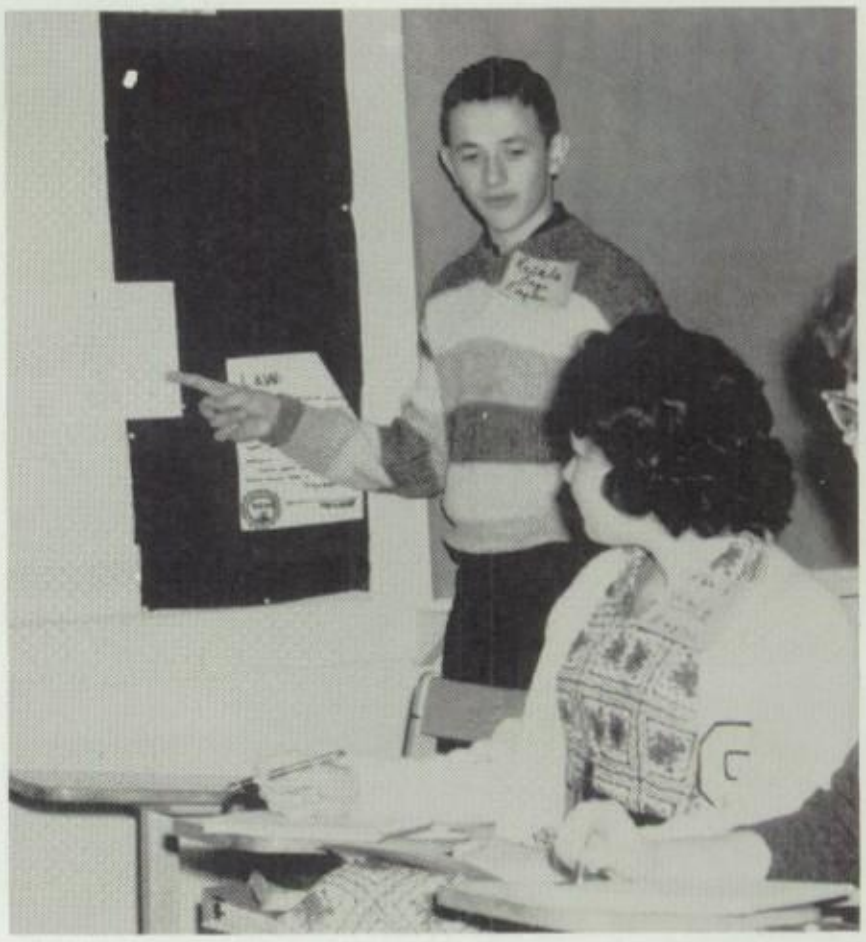


One course available at PHS which offers valuable training toward worthwhile employment is electronics. This is an accelerated course in fundamentals with more emphasis upon technical information and less on the manipulative aspects of the work. Instead of specifically training radio and television servicemen as in past years, the objective is to give a broad background in fundamentals which will prepare the student to be able to enter any one of several specialized fields in electronics.

Social studies provide a broad cultural background for the understanding of public affairs and practical training for useful citizenship in the American Republic.

Every person owes it to himself as well as to his fellow man to be cognizant of the world about him, and of the responsibilities it imposes. Social studies courses offered at Pineville High strive to awaken such a sense of responsibility.

Offerings include civics, world history, United States history, government, and economics. All these courses involve the study of people and the ways they organize to form social units.



Expanding course offerings show ten years of progress

Girls taking home economics courses have excellent opportunities to develop desirable feminine skills and make plans with foresight for their future.

By teaching improved methods and developing new skills, the home economics department enables many girls to realize the pleasures of successful homemaking.

Students divide their time between cooking and sewing. In the kitchen they learn the latest methods of food preparation, how to care for utensils and appliances, and how to prepare nutritious meals containing vital nutrients.

In sewing, pupils study fabrics, designs, colors, styles, and the requirements of a good wardrobe.

It has long been known that a school curriculum based only upon academic and practical subjects cannot provide proper training for all. This fact makes instruction in the fine arts a vital part of our school's program.

Choral and instrumental music classes provide musically talented students opportunities to use valuable skills. For the creative student, there is also provided instruction in painting and ceramics.

During the ten-year history of PHS, music activities have offered many students a chance to develop their talents. In the case of the art department, instruction in that area is a rather recent addition but full classes indicate a real interest and a need for art education at our school.

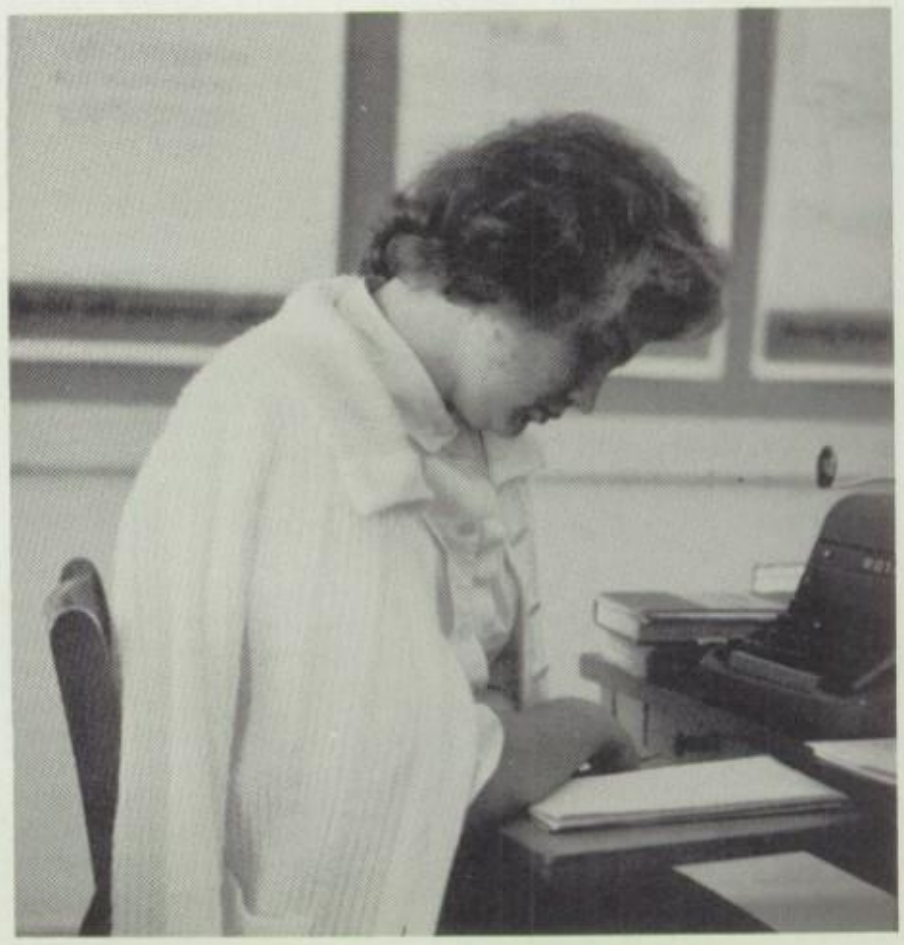
Since graduation from high school terminates formal schooling for many, it is essential that the curriculum offer studies that will prepare such students for employment. Commerce courses are designed to do just this.

Commercial offerings at Pineville High include typing, shorthand, bookkeeping, office practice, and business machines. Many graduates of our school are gainfully employed in local businesses, a fact indicating the high quality of training offered by the commerce department.

It is also possible for those who have completed high school to do post graduate work in commerce. This year a 1961 graduate is taking advantage of this opportunity. Undoubtedly such students will become a familiar part of school life as time goes by.



Our post graduate student, Mary Ann Tousek, carefully checks her shorthand dictation.

Distributive education is on-the-job vocational training for students who wish to prepare for careers in retail and wholesale distributive businesses.

Those participating in DE must be juniors or seniors, sixteen years of age, maintain at least a "C" average, and be recommended by several teachers and the principal.

In the mornings those in this program must attend a class in distributive education in which they learn selling procedures, merchandising, human relations, and other related topics. During the afternoons students must work in various business enterprises to gain essential training while earning a salary.

Physical health is the most important factor in our lives, especially in this modern era when a frantic pace exposes us to great physical stresses.

One of the chief aims of the physical education programs is to teach students to better care for their bodies.

Boys and girls are separated in these classes. They are taught healthful living, sportsmanship, and they are introduced to various sports and their rules through actual play.

Automobiles play a very important part in today's America. They also are very much a part of today's teenage life. It is the aim of the driver's education program to make our students the safest possible drivers.

Those taking this course prepare themselves with six weeks of classroom study in which they learn the basics of good driving. Then there are two weeks of actual driving with the instructor in a dual control car.

DISTRICT CHAMPS AGAIN!

SEASON'S SUMMARY

The Pineville Rebels, mentored by Coach Walter Brister and assistant coaches Vernon Beall, Eugene Millet, Billy Beason, and Wayne Clark, surmounted difficulties posed by an incredible injury list and took the District 3-AA crown for the second straight year compiling a 6 and 4 seasonal showing.

In spite of injuries the Rebs always managed to be up for the all important games and passed their District 3-AA test with a clean 4-0 slate. The big game in the march to a third district crown in the school's ten-year history was their final match of the season schedule when they met crosstown rival Menard who also owned a 3-0 District record at this time. The game proved to be a good example of how fine a job the Rebel mentors did in getting the squad up for a big game. Although a slight underdog, the Rebels completely wiped the field 26-6 with the green and white and climaxed the season.

The Rebels later met a powerful Jennings eleven in the bi-district playoff but with less luck than last year, coming out on the short end of this grid tilt.

Whether the Rebs could have gone further without the above mentioned obstacles will remain a question mark. But in anybody's book, the 1961 Rebel gridiron season can undoubtedly be called a genuine success.

Coaches

Headed by Coach Walter Brister, the Rebel coaching staff also consists of Vernon Beall, defensive coach; Wayne Clark, backfield coach; Gene Millet, line coach; and Billy Beeson, end coach.

These men work indefatigably for the school and the team and provide Pineville High with one of the best coaching staffs in the state.

It's not uncommon to see these men working on plays, discussing mistakes, going over scouting reports, and preparing for the next game at all hours of the day and night, week in and week out. We owe the success of our school's athletic program to them.

Coaches and managers work untiringly to produce the best team in the State ~

Managers

An important but seldom noticed group with any athletic organization is the team of managers. These boys are called upon to do everything from treating injuries to washing uniforms.

A manager has much responsibility around the dressing room. He must be certain that everything which may be needed at a ball game is there and readily available. Too, he must see that all of the team has all of the necessary equipment for games and practice, and that all equipment is kept clean and in serviceable condition.

The life of a manager isn't all roses, but its compensations lie in the knowledge that good managers are indispensable to a successful athletic program.

Rebels 12 - Leesville 0

The Pineville Rebels opened the defense of their State AA Championship on a successful note by handing the outmanned Leesville Wampus Cats a 12-0 shellacking. Behind the running and passing of quarterback David Bates, Coach Brister's Rebels scored in each half of the twenty minute episode on the way to their eleventh consecutive victory.

In the first half Bates hit David Funderburk on a beautifully executed pass play that covered sixty-two yards for the first TD. Then, in the final minutes of the game he put it all on ice with a touchdown pass to his favorite target, end Charles Frantom. This play covered thirty-nine yards and included a beautiful piece of running on the part of Frantom.

In addition to the Pineville-Leesville game there were two other contests in the course of the evening. Bolton played Jena which resulted in the Bears' defeat by a score of 7-6. In the other contest Menard tied the LaSalle High Tigers with a 7-7 score.

In *toto,* the Cosmopolitan Jamboree was an outstanding success. This event is held every year at Bolton High Stadium as a sort of preview for Cenla fans to show what kind of teams the three area high schools will produce for the season. This event is sponsored jointly each year by the Cosmopolitan Club and Bolton High School. The profits from the Jamboree go to the Rapides Parish Rehabilitation Center.

Rebels 20 - Stephen F. Austin 8

The Pineville Rebels, under the leadership of David Bates, extended their victory skein to twelve games by rolling over a weary Stephen F. Austin team at Port Arthur, Texas.

After trailing 8-0, the Rebels came back fighting in the second quarter with touchdown runs of two yards by Bates and three yards by Wayne Martin. After these two long TD drives, the Austin Eagles seemed to simply run out of steam.

The Eagles came back strong to start the second half. But after their drive was halted deep in Rebel territory all of the fight seemed to have been taken out of them.

Taking advantage of the Eagles' weariness, Bates rifled his second long TD pass in as many games to Charles Frantom. This one covered sixty-five yards. With ten seconds left in the half, Bates hit Sophomore halfback Dalton McRight in the end zone for the two-point conversion under Texas rules.

The top-ranked, triple-A Sulphur Toronados wore down an aroused Pineville Rebel aggregation and broke their twelve-game winning streak with a 34-7 victory.

The second ranked, double-A Rebels, being outweighed twenty pounds per man, played the Tors on even terms until seconds before the half. At this point Sulphur's All-State quarterback Mike Duhon hit halfback Kent Arceneaux with a twenty-two yard pass in the end zone, and from there the Tors were not to be stopped. The score at half was 14-7.

The Rebels were led once again by quarterback David Bates. Bates rushed for a total of ninety-eight yards and scored the Rebs only touchdown on a beautiful thirty-three yard scamper. Mike Vincent led the Sulphur squad, chalking up two TD's and coming in second to Bates in total rushing.

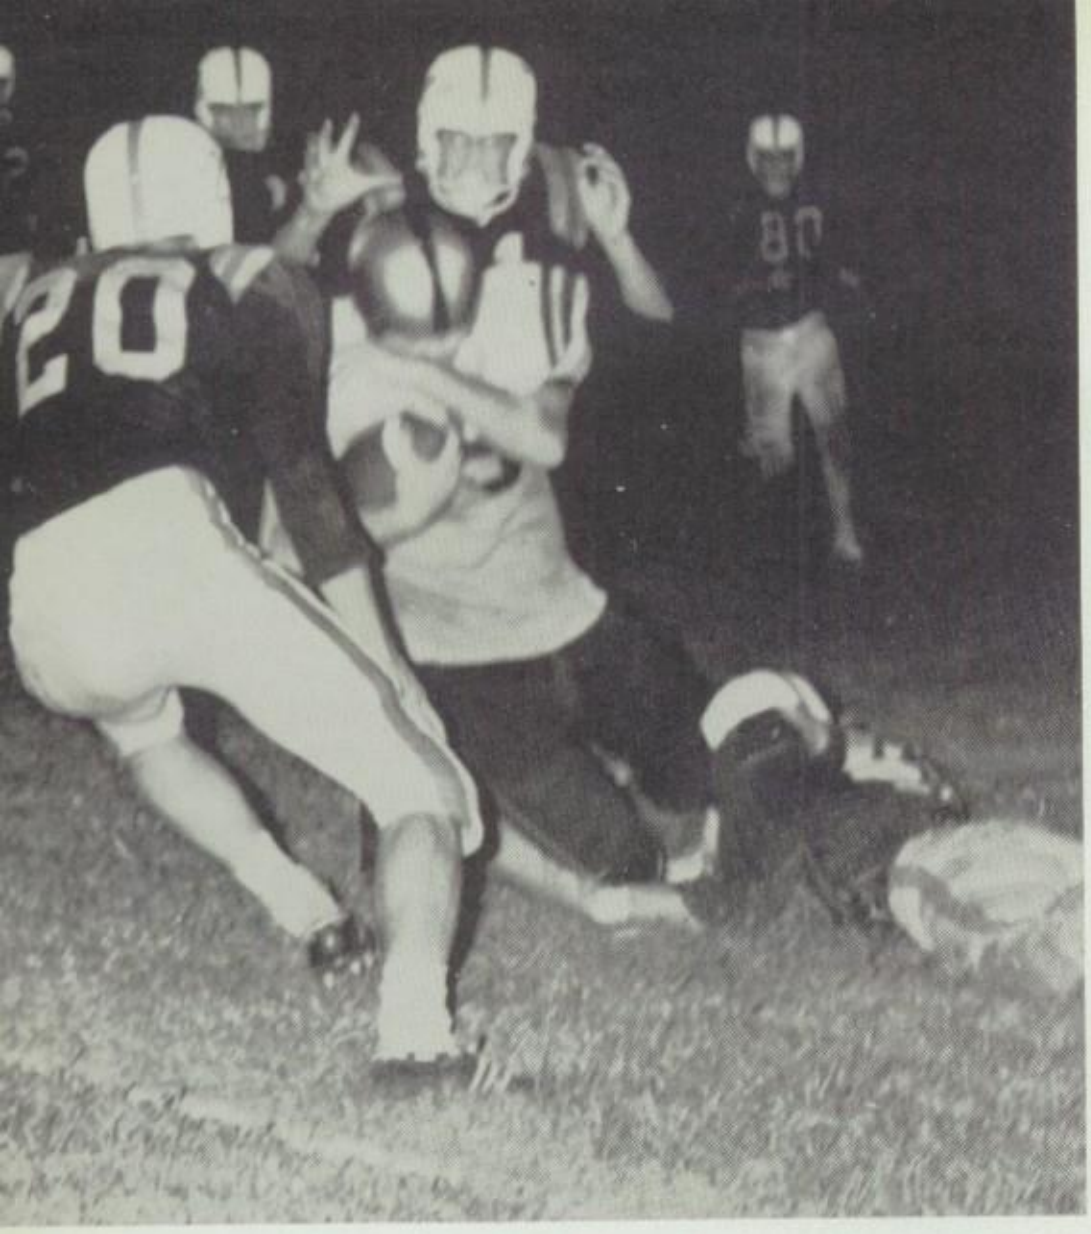
later season victories

Lake Charles 9 - Rebels 0

The Rebels following the script of their 1960 State Championship season were defeated by the triple-A Lake Charles Wildcats 9-0 during a two minute lapse.

The Rebels with their defense leading the way played Lake Charles to a standstill except for two minutes midway in the third period. At this point Richard Beeson was tackled in the end zone after receiving a punt giving Lake Charles a 2-0 lead. The Rebels kicked off to the Wildcats from their twenty, and four plays later the Cats scored on a touchdown. The extra point was good, ending the scoring at 9-0.

After these two minutes of domination by Lake Charles, the game went back to its original course with neither team getting a serious drive underway.



Ganging up for the tackle are Rebel defenders Fine, Butler, and Funderburk as Peevy, Webb, and Bryant come in to aid.

Rebels 25 - Leesville 13

Pineville began its defense of the district championship on a successful note by defeating a tough Leesville Wampus Cat eleven.

Leesville matched Pineville point for point in the first half, but as the second stanza came around the Rebels looked like a new team. They scored twice, with Bates and Martin chalking up the six-pointers, giving the team a hard earned 25-13 victory.

The other two touchdowns came on a fumble scooped up by C. J. Butler, who traveled twenty-eight yards into the end zone. The Rebels scored again on a sixty-one yard pass play from Bates to Frantom. Rachal booted one placement to bring Pineville's point total to 25.

Rebels 14 - Ferriday 13

The eighth-ranked Pineville Rebels proved to have the qualities of champions in coming from behind late in the game to defeat unbeaten, second-ranked, Class A Ferriday 14-13.

Pineville took the opening kickoff and marched sixty yards in seven plays, climaxing this with a thirteen yard pass from David Bates to junior terminal John Bryant, with J. C. Rachal kicking the extra point.

The second and third quarters were dominated by Ferriday with Jeter climaxing a seventy yard drive for Ferriday's first touchdown and Dennis Jones sprinting sixty-five yards for the second six-pointer. They completed one placement to make the score 13-7 with just minutes remaining in the game.

The Rebs came back strong in the final minutes of the game with Bates hitting Frantom, who made a spectacular run for the tying TD. J. C. Rachal kicked the winning extra point.

Rebels 41 - Jena 7

The Pineville Rebels turned on the power in their most impressive win of the season thus far by turning back district foe Jena before a jubilant homecoming crowd with a score of 41-7.

Both the offense and defense of the Rebs was at its best. This was proved by the margin of victory and by three blocked punts as well as other fine defensive plays.

Pineville was led by senior halfback Doug Fine who netted 142 yards in fourteen carries and one touchdown on a thirty-eight yard scamper.

"Radar" Frantom was on the receiving end of two TD passes from quarterback David Bates. The senior end scored on plays covering twenty-one and twenty-seven yards respectively.

Other Rebel scores came when Bates pulled a neat fake and skirted end for sixteen yards and the score. Tackle Mike Peevy pounced on a blocked punt in the end zone for six points and sophomore quarterback Orville Wilson, on his first run from scrimmage, raced fifty-five yards untouched for another TD. J. C. Rachal, in addition to a fine defensive game, kicked five consecutive extra points.

Winnfield 20 - Rebels 0

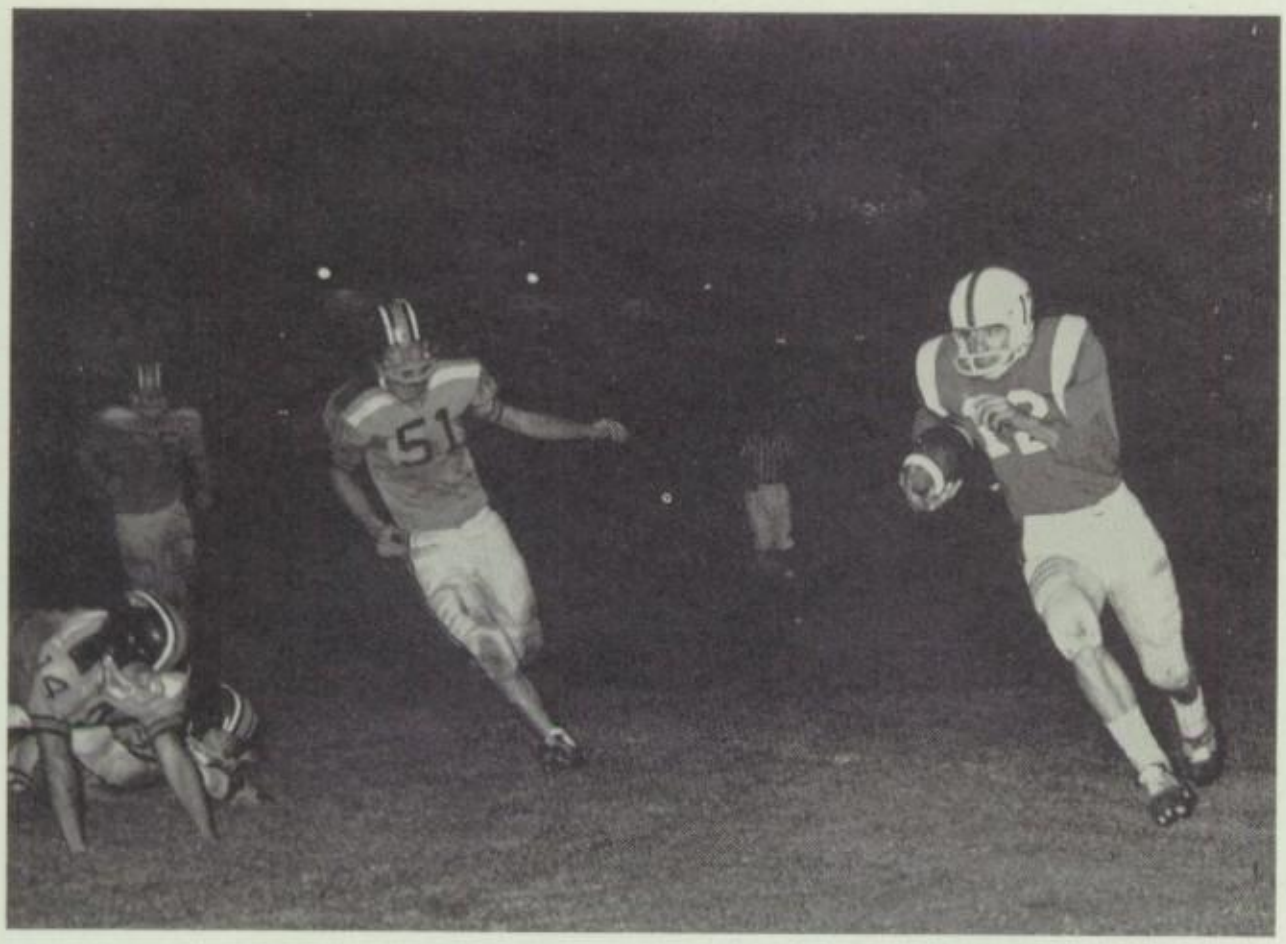
The undefeated, top-ranked, Class A Winnfield Tigers made the most of the breaks and upended a hopeful Pineville eleven 20-0.

The sometimes awesome Rebel machine consistently piled up long drives only to be halted short of the goal line by virtue of penalties, fumbles, or pass interceptions.

The Tigers also made use of Rebel miscues at the opposite end of the field getting two of their markers by this route. Their first score came on a pass from quarterback Mike Tinnerello to end Dave Adams after a Tiger had jumped on a Rebel bobble. Their final six-pointer came on the interception of a David Bates pass. The Tigers only score which wasn't the result of a Rebel mistake came on a thirteen-yard run around left end by quarterback Tinnerello.

Although defeated, line stalwarts Mike Peevy, Gary Wilson, J. C. Rachal, and Charles Kidd were outstanding for the Rebs.

Eluding would-be tacklers, Fine begins a 53-yard touchdown jaunt against Natchitoches.



Sweeping end, quarterback Bates heads for paydirt during the 41-7 rout of district foe, Jena, at the annual Homecoming.

Bowing his head, Funderburk gets a couple of extra yards before being brought down by Winnfield defenders.

Rebels 18 - Natchitoches 0

The Pineville Rebels with senior halfback Doug Fine leading the way extended their winning streak over district opposition to eight games with an 18-0 whitewashing of the Natchitoches Red Devils.

Fine scored two of the three touchdowns on runs of ten and fifty-eight yards. He also put together 120 yards rushing on nineteen carries during the night for a 6.3 game average. Reserve halfback Gerald Huffman set up and scored the Rebs' final six-pointer when he ran back a Red Devil fumble thirty-two yards to the Devil eight yard stripe. Three plays later he dove into the end zone. The Rebel defense which blanked the Devils was led by stalwart tackle Mike Peevy.

Jonesboro-Hodge 14 - Rebels 6

Costly to the Rebel cause were a penalty and a fumble as our gridmen fell to a determined Jonesboro-Hodge eleven by a score of 14-6. Junior end C. J. Butler shifted to fullback for this contest, scoring the lone Rebel TD early in the second period. On this play Butler received a serious knee injury that required surgery.

Two lapses in the third quarter by the Rebs gave the Tigers the chance they needed. A "roughing the kicker" penalty enabled the Tigers to continue the one good drive that they mounted all evening, and eight plays later they scored.

On the next Rebel drive after the ensuing kickoff junior fullback Gary Girod lost the pigskin after being hit hard, and it fell right into the hands of a J-H defender who scampered sixty-seven yards for the score. The game ended with Pineville on the Tiger goal line unable to push across.

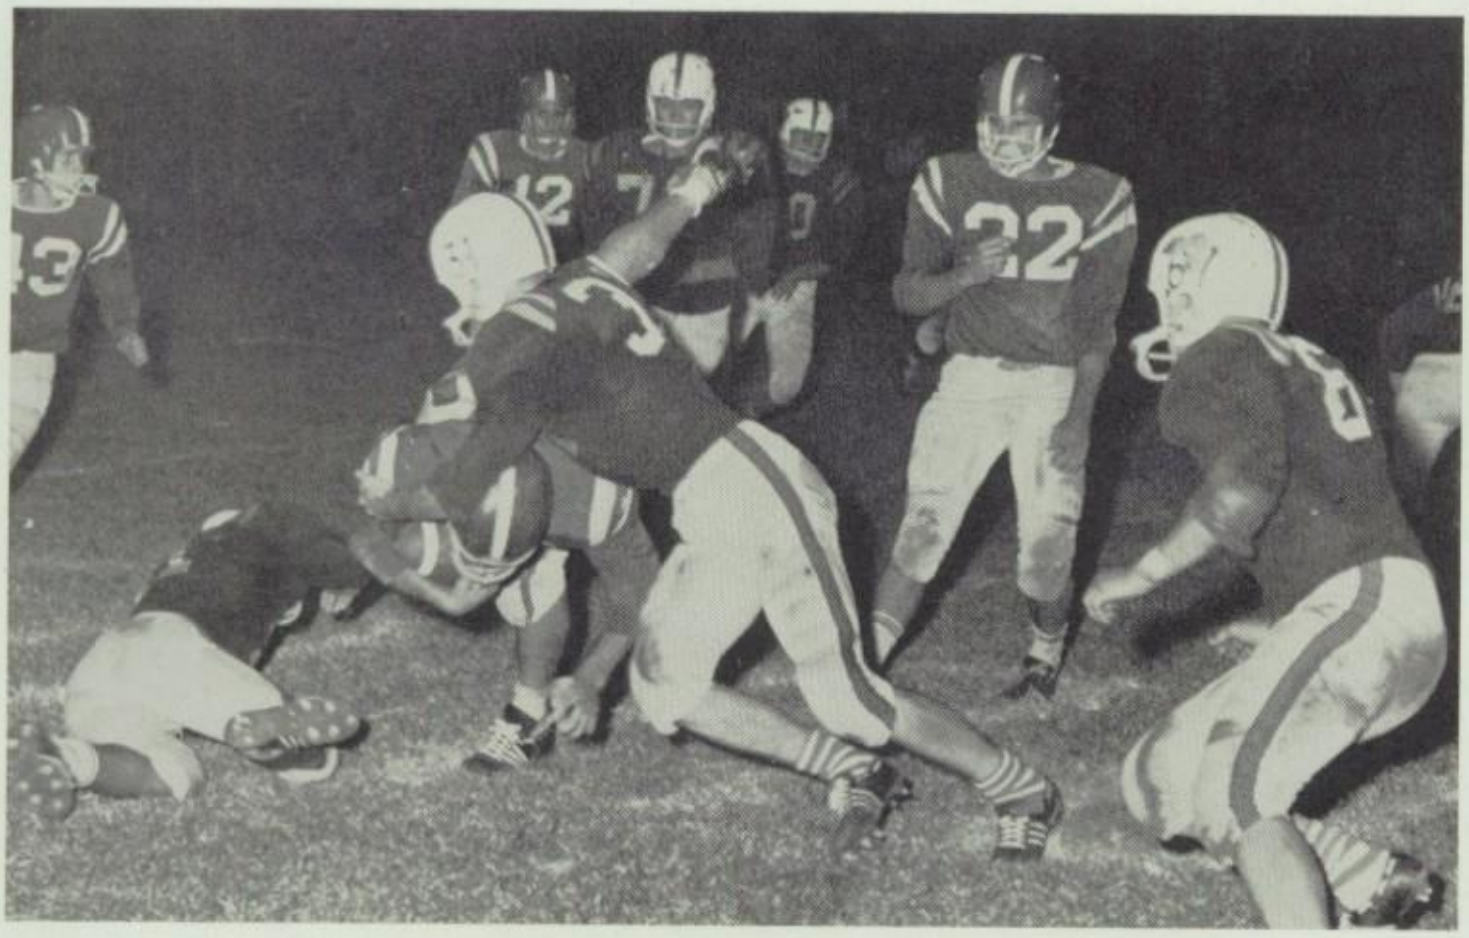
Rebels 26 - Menard 6

Pineville defeated cross-town rival Menard 26-6 to repeat for the second straight time as District 3-AA champs. It marked the third time that the Rebels have won the district title in the school's ten-year history. Making the contest more interesting was the fact that both teams came on the field with perfect 3-0 district marks, thus setting up the championship game.

Big Wayne Martin, Reb fullback, scored the first marker for the Red and Gray on a two-yard plunge after J. C. Rachal recovered an Eagle bobble on the two-yard line. Martin also ran the PAT.

Quarterback David Bates sparked the win with his timely passes and runs. He passed to David Funderburk in the fourth quarter on a play that covered thirty-nine yards. A twenty-three yard pass play to end Charley Frantom in the second quarter was his other TD tally. Funderburk got his other score in the second quarter on a forty-two yard run from the double-reverse play. Menard's lone score came in the second quarter on a two-yard plunge by quarterback Buddy Ceasar.



Helping to win the district championship against Menard are defenders Besson and Frantom, along with Peevy, Funderburk, and Rachal.

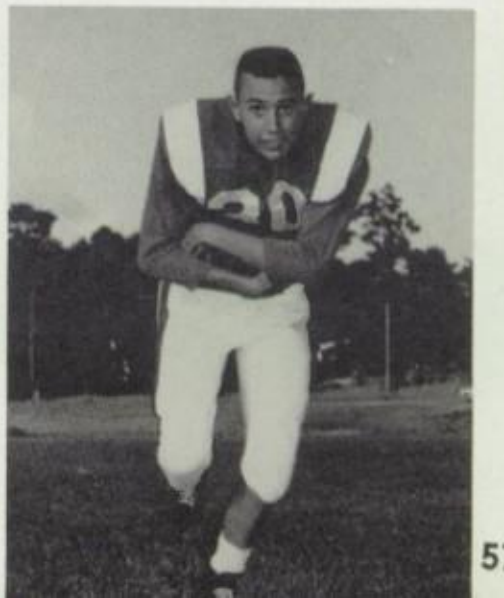
Jennings 48 - Rebels 12

Pineville suffered one of its worst defeats in history as the Jennings Bulldogs overran the proud Rebs with a score of 48-12.

Pineville scored first on a drive following the opening kickoff when fullback Gary Girod sneaked over from the one. When the Bulldogs were unable to get a ground game started they took to the air and scored three times and set up a fourth TD. All were thrown by All-State tailback Ken Cormier.

The Rebs received a jolt when All-District tackle Mike Peevy was ejected from the game after the first Pineville TD. The game wa consistently marred by penalties.

The defending State Champs were still in the thick of the game until the Bulldogs pushed over their fourth tally. Then it was all Jennings with Pineville's second and last marker coming on a one-yard smash by Wayne Martin late in the game.



Pineville High School's seventh annual *Rebel Club* banquet was a success in every way. The program was centered around the accomplishments of our third district championship football team. Coach Charley McClendon, head football mentor at LSU, was guest speaker.

Receiving awards for their efforts this past season were Jimmie Renegar, Most Valuable Non-Letterman; John Luneau, Most Improved Player; Richard Besson, Scholarship; Gary Wilson, Sportsmanship; David Funderburk, Most Valuable Back; and Mike Peevy, Most Valuable Lineman. In addition to these, Phillip Washington, former Rebel athlete, was presented the President's Award.

All Twin Cities' awards were distributed by Bill Carter of the *Town Talk*. Rebel coaches presented letterman awards to the team. These included jackets to first year lettermen, gold footballs to two and three year lettermen, and District Championship patches to all squad-members. Sam Goodwin and Dalton McRight received Special Athletic Award plaques for efforts they made despite early season injuries that prevented them from lettering.

The district championship football and track trophies were presented to head football coach Walter Brister and head track coach Gene Millet, respectively.

Making up the first six cagemen on our 1961-1962 basketball team were five seniors and one sophomore.

Ray Attner, senior guard demonstrated the talents of a deluxe and expert ball-handler.

Doug Fine, senior guard, was a defensive ace with quick hands and feet.

Dave Bates, senior forward, made frequent scores, pulled down many ricochettes, and displayed good jump shooting.

Wayne Martin, senior forward, a big, tough rebounder, showed skill as a scoring threat at all times.

Ronnie Kaiser, sophomore center, developed into a strong rebounder and excelled on tip-ins and short jumps.

Sam Goodwin, senior forward and our hustling sixth man, was consistently tough on the boards.

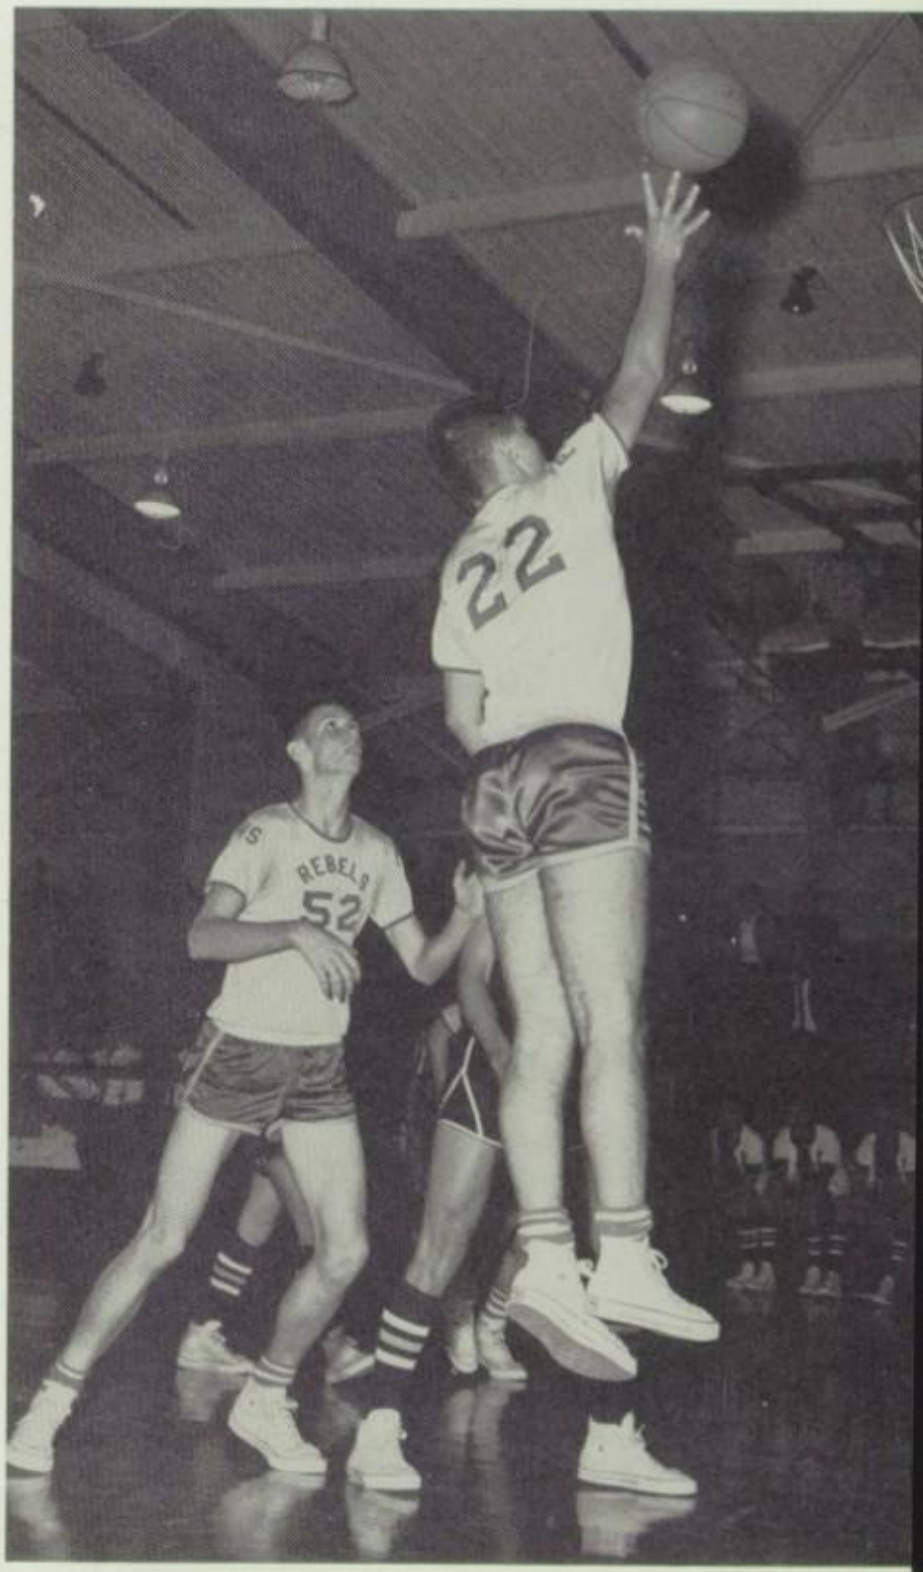
winning exertions –

Because of the prolonged football season and the temporary loss of several key players, basketball got off to a slow start with the boys playing well but lacking the spark that brings victory.

The team started out with a win over Dry Prong, but then lost several hard-fought decisions to teams such as Neville, Bolton, Lake Charles, and LaSalle.

A win over LaSalle to avenge the first loss was the shot-in-the-arm needed to bring the boys around. In the Tournament of the Pines at LaSalle the Rebs made a good showing before losing out in the consolation contest. But their spirits were up now and a winning streak seemed near at hand.



Executed perfectly, this shot gave us two points against Neville.

Fine and Kaiser move in to aid Martin in the wild scramble for the ball.

Stretching high, Kaiser adds two more points against Tioga.

Increasing power and zip

Pineville's Rebels continued the comeback from their early season slump with several timely wins. In the Colfax tourney the boys made a fine showing by turning back strong Montgomery, the pre-tourney favorite; however, the Rebs had to settle for second place as a powerful Colfax quint would settle for nothing less than first in their own meet.

With midseason here, the Rebs entered into district play. The opening game was a heartbreaking loss to cross-town rival, Menard. This didn't dampen the spirits of the boys, though. Instead it seemed to fire them up for grueling upcoming contests.

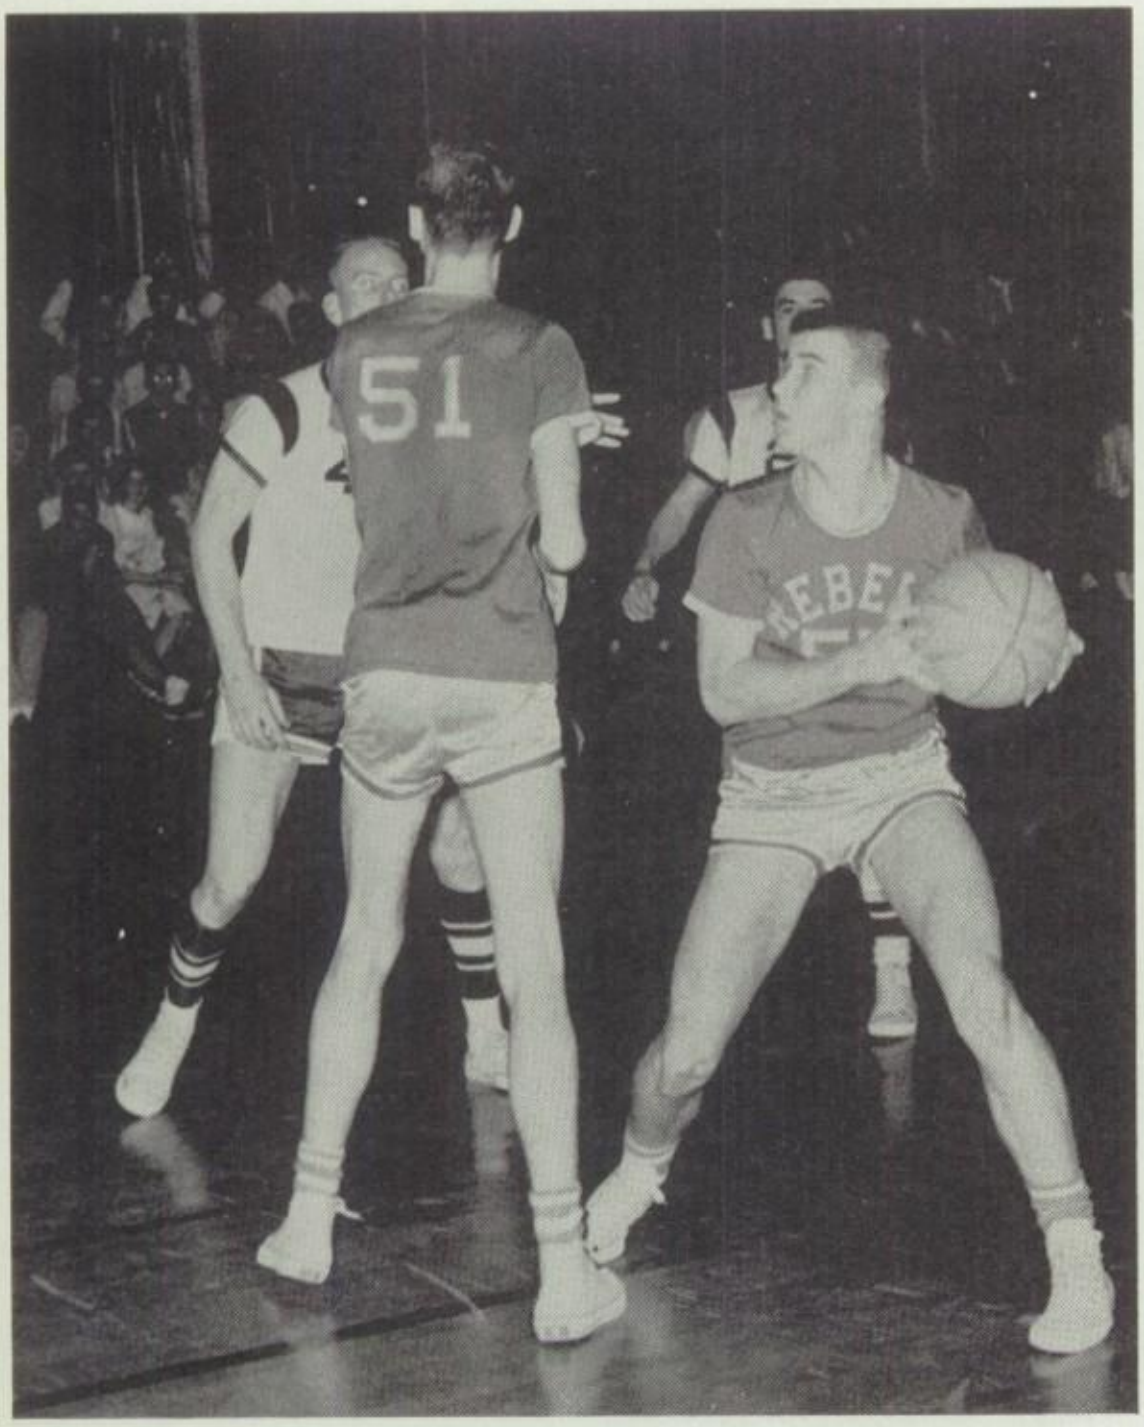
Scrambling for a loose ball, Devil defenders are foiled by Fine.



Taking basketball trips has been part of our team's seasonal itinerary for the past few years. This year instead of a holiday trek to Mississippi, the boys journeyed to Junction City, Arkansas, to participate in the annual dual-state tournament.

In this event our Rebs won four of their five games, losing only in the finals to strong Lisbon, rated among the top ten schools in North Louisiana regardless of class.

Upon their return to Pineville, the Rebs settled down to serious business in their bid for a state playoff berth as they found themselves in the thick of the district race.

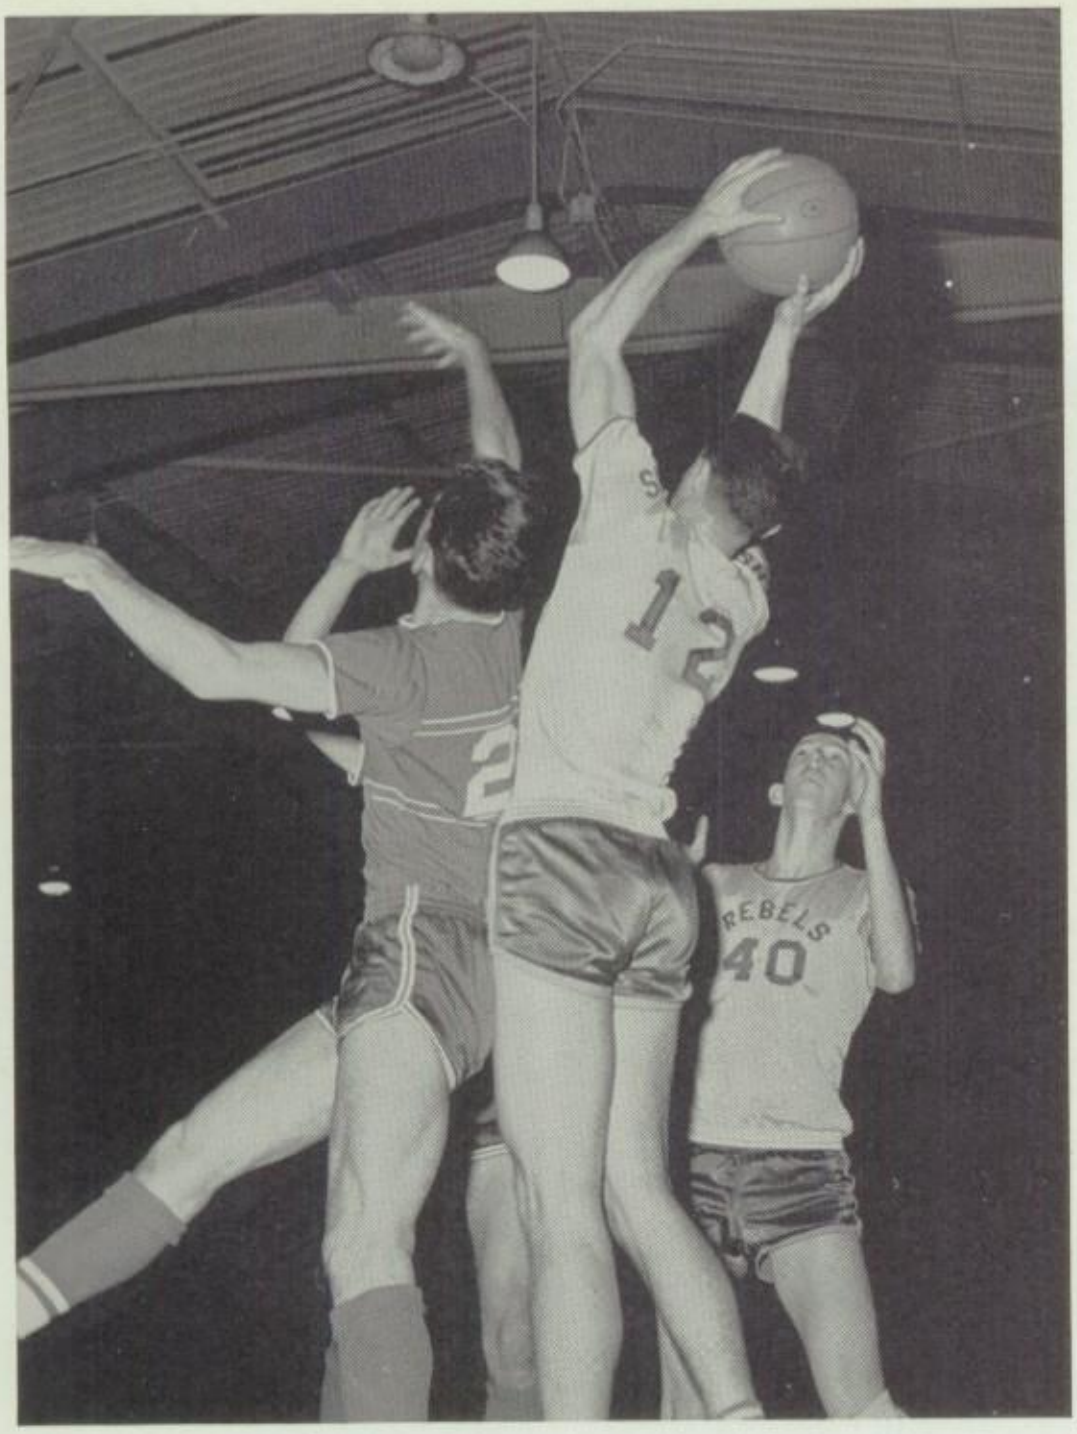
District 3AA's pre-season poll found Pineville in a poor second division berth. But the Rebs of Coach Billy Beeson had other ideas and they fought hard to clinch a spot in the state play-offs, thus fooling everyone except themselves and faithful Rebel supporters.

After the opening loss to Menard, the boys came into their own by defeating Tioga, Jena, and Leesville twice each and avenging the loss to the Eagles in a return match. The Rebel quint lost only to powerful Natchitoches, the defending district champion. In the first meeting with Leesville the Wampus Cats were favored to win. Our boys had other ideas, though, and handed them a sixteen-point defeat.



Bates leaps high for a loose ball in a match with the Wildcats.

Boys backing up our "A" team this year included two seniors, J. C. Rachal and Richard Besson; six juniors, Gerald Huffman, Don Bates, Mike Tudor, Walter Holsomback, Jimmy Hood, and Monty Crosby; and Glen Randow, the lone sophomore.

Rachal, Bates, Huffman, and Randow saw a good bit of action in varsity games. The first three of these were frequently used out front while Randow served in the center post.

Future Rebel roundball teams should have good players available considering this year's successful "B" team.

Spunky Sophs' spirit never flagged despite winless season

Coach Vernon Beall

This year marked the first time that Pineville High has had a sophomore basketball team. The old junior team was disbanded because of the new junior high taking in the ninth grade. The team consists mostly of sophomores with a few juniors in the lineup.

Under the direction of Coach Beall, the future Rebels did a good job in the few games they played. The team, however, seemed to either run out of gas too early or regain their poise too late in each game, two factors which resulted in a winless season.

Looking toward the future, though, these boys should go a long way considering their height and ball-handling potential.

Coaches Millet and Clark

Rebel Track

Coach Eugene Millet's Rebels completed the most successful track season in the history of Pineville High. The Rebel cindermen brought home a district championship by defeating Natchitoches High, champions every year since district 3-AA was organized, plus a third place in the State meet.

The team was plagued throughout the season with injuries, pulled muscles and appendectomies coming into vogue as the season moved into the home stretch.

High-point maker this year was weight man David Corley, who scored consistently in the shot-put, discus, and javelin. Robert Cavanaugh continued to perform brilliantly in all three relays and the 440-yard dash. His best time in the quarter was a 49.3 in the post season "Meet of Champions" in New Orleans but was good only for second place. This All-Stater also ran a 49.4 at the District Meet for a new record and placed first in the State Meet.

Quarter-miler Jerry Meredith developed appendicitis upon returning from the USL Relays. Eight days later James Aymond had to have the same operation. Of course, the loss of these two boys hurt the team's chances, but everybody helped to take up the slack. The addition of Jimmy Gallant and Steve Kimball to the team late in the season was an asset to help overcome the loss of Meredith and Aymond.

Leon Hooter, David Funderburk, David Corley, and Harry Thibodeaux in addition to Cavanaugh, Meredith, Aymond, Gallant and Kimball ran a leg on one or another of the relay teams.

Van Willet hit his peak in the high jump toward the end of the season. His best leap was 6 feet 3 inches at the Cenla Rally which broke the district record.

Morris, Fine, Thibodeaux, Tuma, Dyson, McKenzie, Hooter, and Butler were steady point-makers all season.

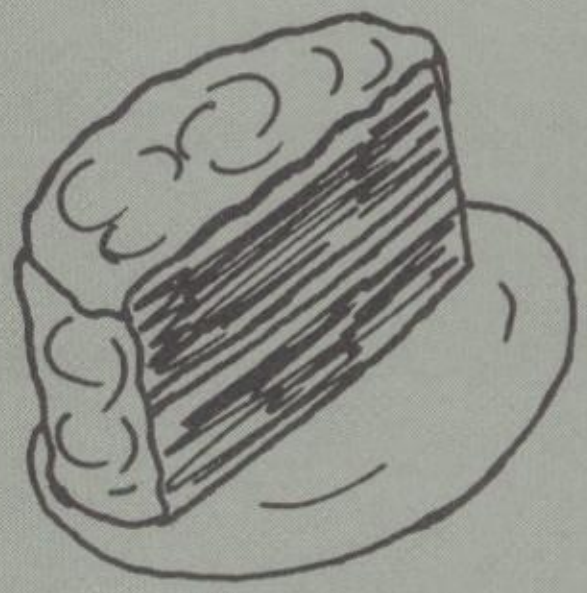
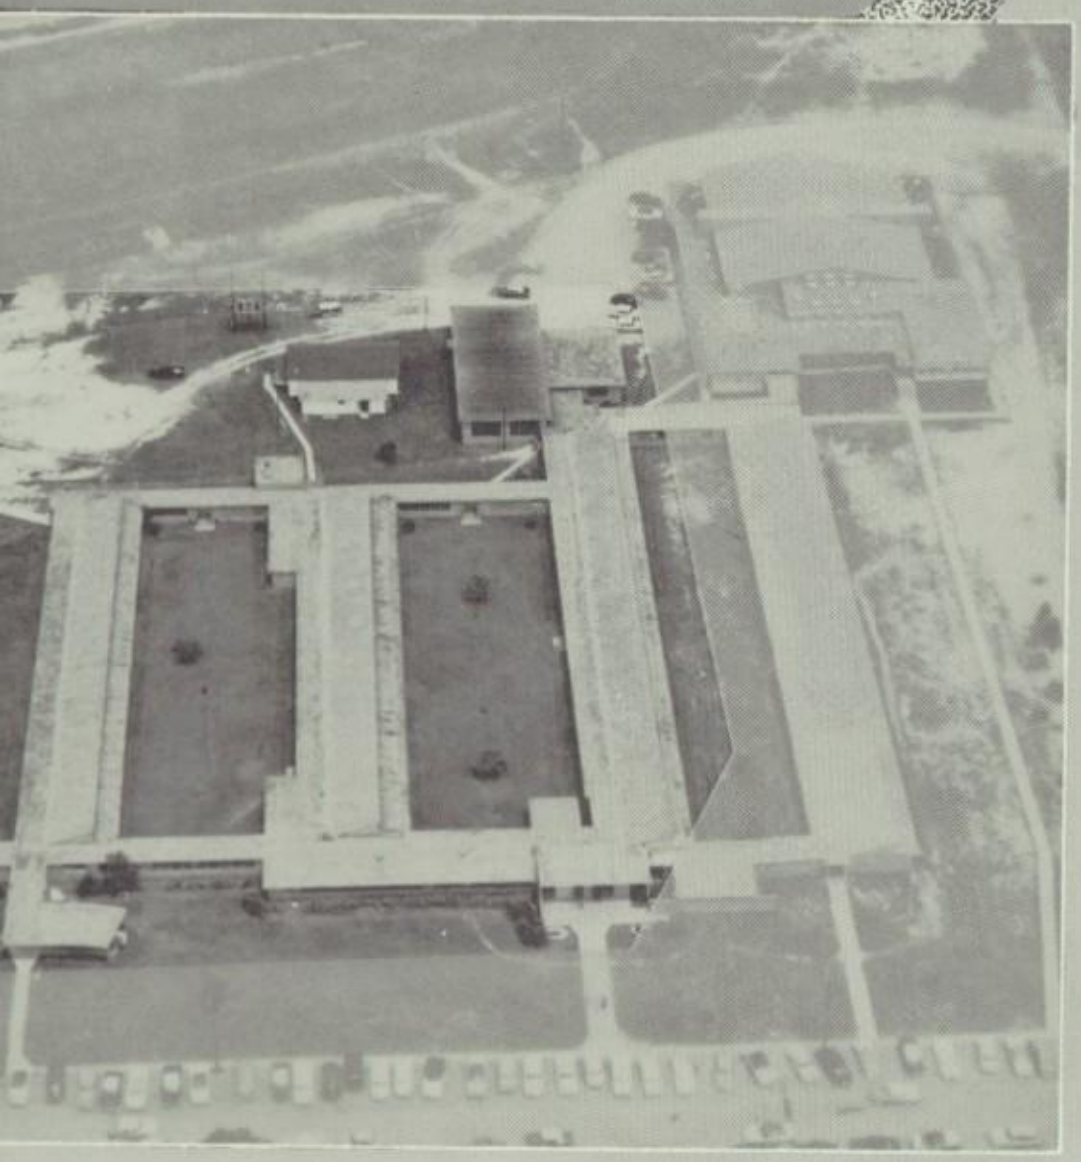
FEATURES





In 1954-55 the pressures of increased enrollment necessitated the construction of six new classrooms . . .

Who's Who at PHS - 1962

Only the most outstanding seniors at Pineville High School are elected each year to Who's Who. This is one of the highest and most coveted honors a senior boy or girl can achieve.

These seniors, nominated by the faculty, have contributed such qualities as scholarship, personality, character, and outstanding service to the school and student body throughout their high school years. The seniors chosen this year have not only possessed these qualities, but they have also exhibited undivided loyalty to their school and its program.

Elected to Who's Who for 1962 are Linn Barron, Marsha Bice, Bobbie Fairchild, Marjorie Floyd, Ruth Ellen Franz, Marilyn Jo Humphries, Georgia Johnson, Karl Long, Dana Miller, and Bonnie Sowers.

Linn Barron . . .

for service as president of FTA, as a member of the office staff, service in the football and concert bands, and as a Leadership Conference representative.

Marsha Bice . . .

for service as Rebel Misses captain, Pelican State representative, and membership in the National Honor Society.

Marjorie Floyd . . .

for commendable performance as secretary of the Rebel Misses, historian of FHA, chaplain of National Honor Society, and service as associate editor of the *Ya-Hoo.*

Bobbie Fairchild . . .

for outstanding work in the field of journalism as a *Ya-Hoo* editor, president of FHA, representing PHS at the Leadership Conference, and untiring service to the school as head cheerleader.

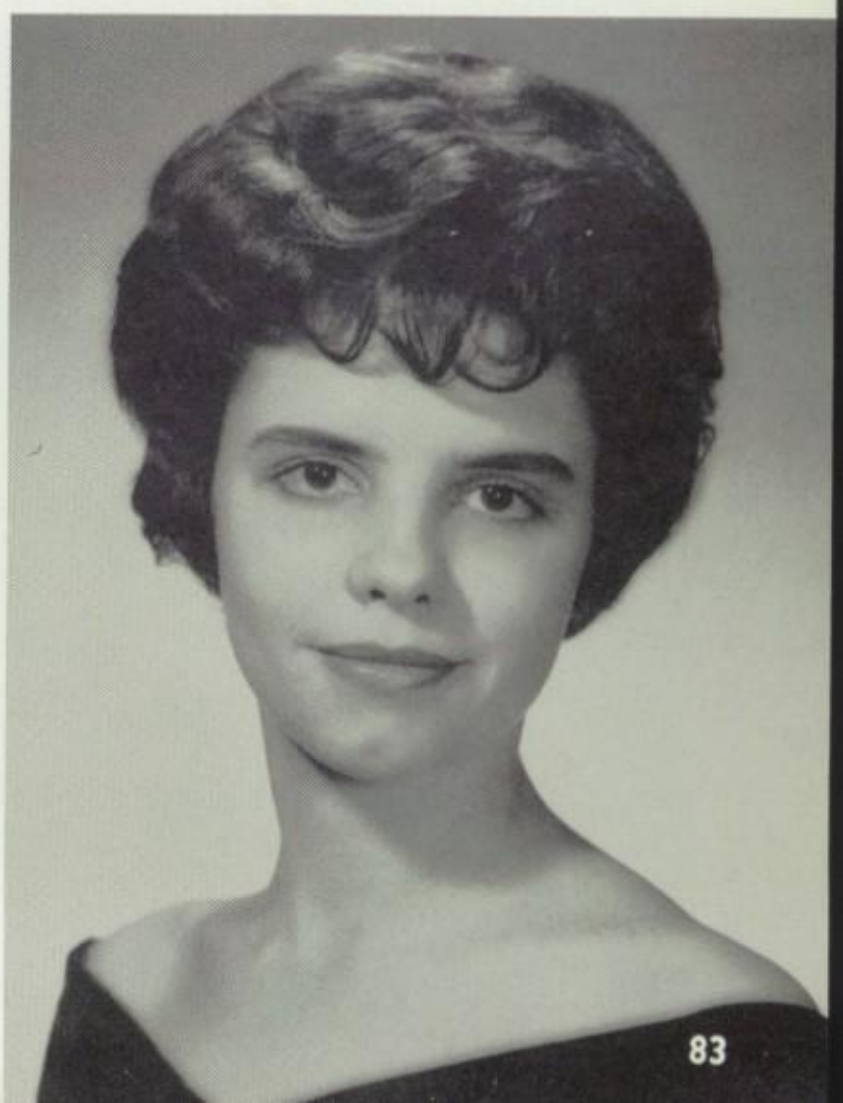
These students were selected on the basis of . . .

Ruth Ellen Franz . . .

for FHA and National Honor Society work, Optimist Outstanding Teenager Award, and exceptional contributions to the music program of PHS and service as Rebel Band lieutenant.

Marilyn Jo Humphries . . .

for outstanding accomplishments in speech, drama, debate, and music; service as *Kepi* editor-in-chief; and membership in the National Honor Society and the National Thespian Society.



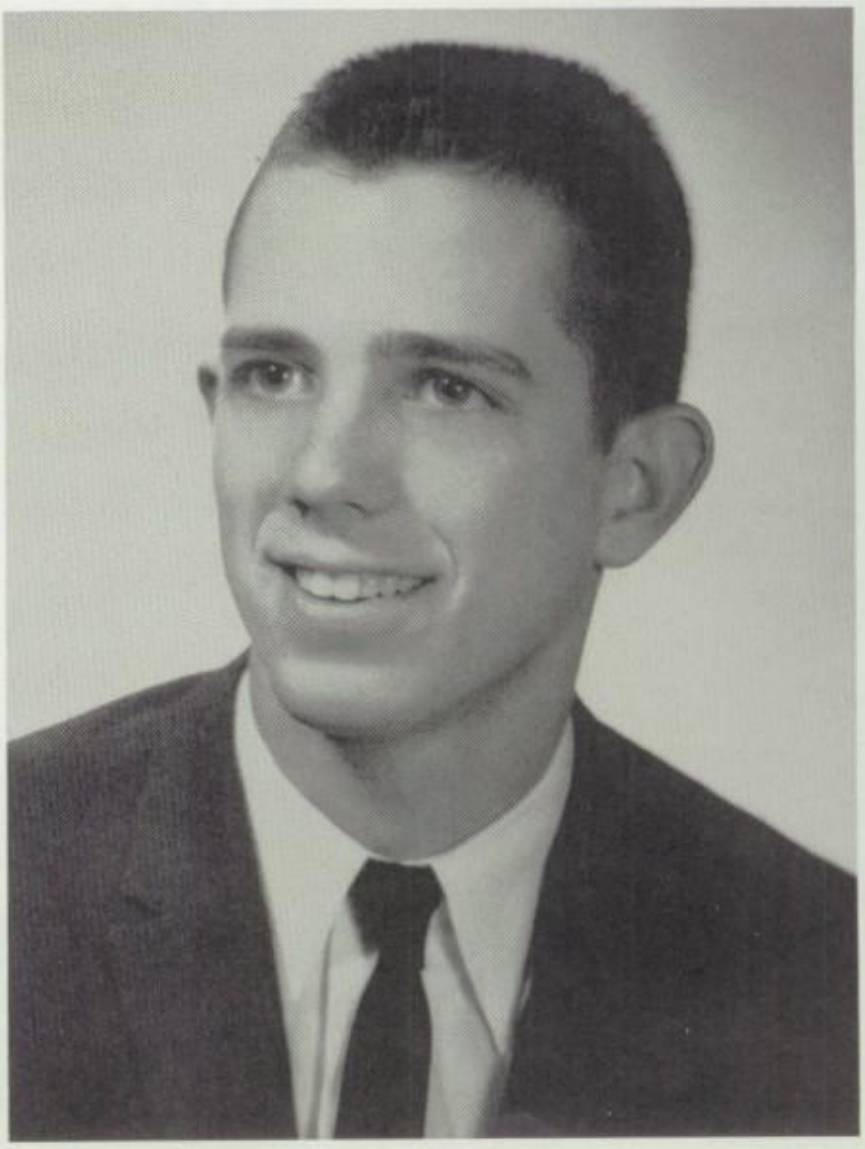
scholarship, leadership, service to the school . . .

Georgia Johnson . . .

for excellence in band and as a majorette, outstanding service as secretary of the Senior Class, and as secretary of the National Honor Society.

Karl Long . . .

for dependable service as captain of the Rebel Band, membership in the Glee Club, leadership displayed as president of the JETS Club, and membership in the National Honor Society.



Dana Miller . . .

for service as editor-in-chief of the *Ya-Hoo,* as vice president of the senior class and treasurer of the National Honor Society, and for representing PHS at the Leadership Conference, and on the Y-Teens Inter-club Council.

. . . character, and loyalty ~

Bonnie Sowers . . .

for exceptional service as first lieutenant of the Rebel Band, as vice president of the National Honor Society, and as a Central Louisiana Literary Rally winner.

Campus Queen and Favorites . . . 1962

Pineville High School's student body makes its choice of favorites on the campus in an election held annually. These girls, chosen from the entire school as Rebel Favorites, are dependable, friendly, and avid supporters of all school activities.

Bobbie Fairchild topped the list of campus personalities and was named 1962 Campus Queen. Throughout her high school career Bobbie has been very active. In her senior year, she serves as head cheerleader, class secretary, and president of Pineville's FHA chapter. The Key Club chose her as a Dixie Darling, and she was also elected to the ranks of Who's Who. This is Bobbie's third year to be elected a campus favorite.

First runner-up in the popularity poll, Sandra Futrell, was named 1962 Maid of Honor. She serves as Junior class vice president, and her class also elected her its Best All-Round girl. Sandra is drum majorette for the Rebel band, a Dixie Darling, and was chosen Miss FBLL.

Other Campus Favorites for 1962 are Carolyn Burke, Dixie Darling and a Senior Personality; Patti Hames, first lieutenant of the Rebel Misses; Marilyn Jo Humphries, Dixie Darling and Glee Club member; Georgia Johnson, Rebel band majorette and Senior class officer; Frances Milliner, varsity cheerleader and Junior class secretary; and Sandra Puckett, Dixie Darling and Rebel band member.

Rebel General and Officers . . . 1962

Vote of the entire student body at Pineville High School decides the annual choice of Rebel General and his Officers. Selections are based on tact, sincerity, integrity, dependability, and friendliness.

This year Sammy Goodwin was elected to the post of Rebel General. Sammy, a football co-captain and basketball letterman, is also president of the Key Club.

Robert Cavanaugh, Senior class president, three-year track letterman, and a Senior Personality, was named Chief of Staff.

Rebel Officers of 1962 are David Bates, basketball and football letterman; Keith Bradford, varsity football center; Douglas Fine, Key Club vice president; Wayne Martin, football letterman and basketball letterman; Mike Peevy, varsity football tackle; and Joe Rachal, football letterman.

Homecoming festivities at our school are always hectic and happy with everyone working right up until the eleventh hour on various projects. Activities of the 1961 Homecoming included a parade on Thursday afternoon and a dance after Friday night's game.

This year's parade was bigger and better than ever before because of excellent student participation. The Thespians received the "Rebel Spirit" trophy for their float entry, the first-place winner in the parade.

The KEPI staffs, after frantic last-minute preparations, sponsored the dance which featured The Capris and was held at the school. "Harvest Moon" was the theme of a homecoming dance that proved to be a colorful and memorable Homecoming Day event.

Our "Harvest Moon" Homecoming dance brought back many memories for students and alumni of P.H.S.

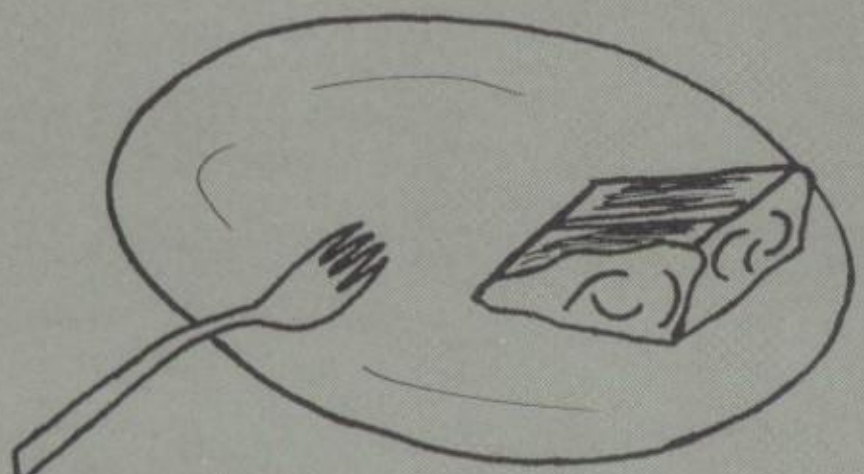
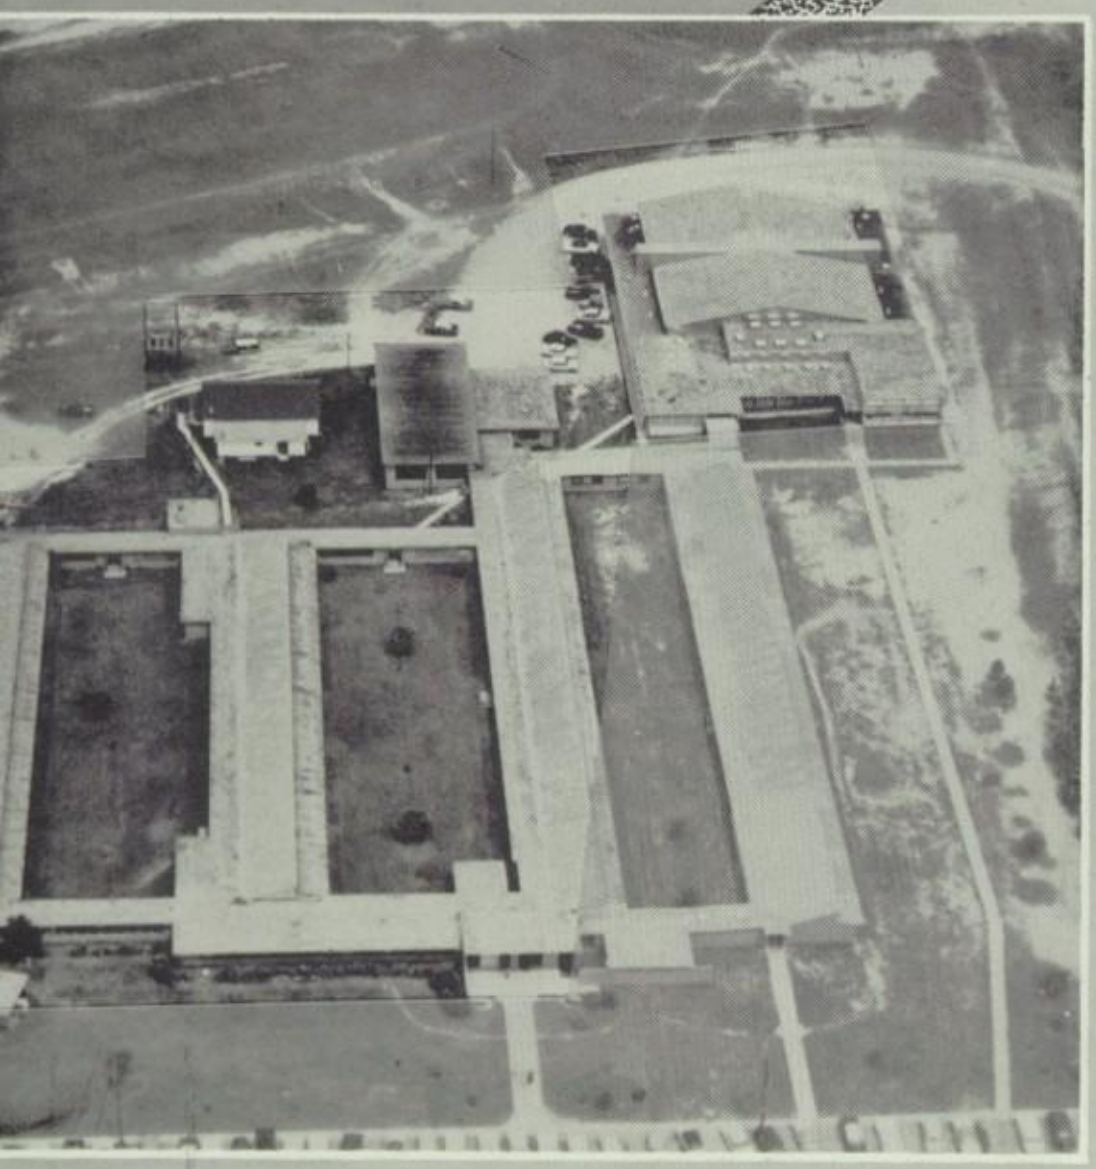
ACTIVITIES





Needs had long demanded a gymnasium and better physical instructional facilities. These were built in 1957-58 . . .

"Well, do you have that spirit?"

"Yeah, man!"

"You gonna keep that spirit?"

"Yeah, man!"

And they do! Throughout the year the Rebel Misses promote school spirit in everything they do.

The Rebel Misses, celebrating their tenth year of service to Pineville High, continuously perform for the school all jobs that they are called upon to do.

Rebel Misses sit at the football and basketball games as a pep squad and do hand signals and spirited cheers. Other Rebel Misses sell popcorn and peanuts in the stands. By participating in these activities, members in this group exhibit their ability to work as a well-organized team. In addition to the aforementioned duties, they participate in the half-time shows where they perform with the band.

Members of the Rebel Misses are selected for their willingness to cooperate with others and on the basis of their scholastic standing.

Bottom to top: Mary Lea Price, Bobbie Fairchild, Frances Milliner, Linda Pettus, Jill Haigler, and Dare Wines.

Our six "peppy pepsters," who keep up the spirits of the entire student body and lead the Rebel Misses, band, and all Rebel fans in cheers and yells, are the true Rebel Spirit leaders of PHS. These spry cheerleaders are blessed with unlimited vim and vigor, measureless enthusiasm, and complete indefatigability. The many activities of these busy girls include Friday morning pep assemblies, decorating the gym and football goal posts, and constantly stirring up that boundless vitality that is the salient characteristic of all good Rebs.

SANDRA FUTRELL
Drum Majorette

Their new uniforms make our majorettes attractive in every way. They not only perform at football games but also present most enjoyable shows at basketball games and many civic activities. Since 1952, Rebel majorettes have been the source of much school pride. They work long and untiringly to achieve perfection in their routines because these girls must stay together to look sharp. Being a majorette is a lot of work but quite a thrilling experience.

Everyone loves and appreciates good music. This fact interests everyone in the Rebel Band. The band, always a favorite at Pineville High, has come a long way since 1952 when it was organized. This energetic group sets the mood for each football game and is always ready to support the fighting Rebs with outstanding music which can be heard full and clear. Too, football games would be only half complete without the marching Rebels.

With many arduous hours of drilling, marching, and instrumental practice, the Rebel Band strives to produce an outstanding show team. Daily practices are also conducted during the summer so that bandsmen get an early start for football season.

After football season ends our marching band becomes the concert band.

Only the most accomplished musicians at our school are in the concert band. These talented students work hard to play skillfully at each performance.

Each year the concert band goes to the spring music festival held at one of the state colleges and is graded by each musician's ability to play selections which have been prepared beforehand. They also must sight read a selection never before practiced by them. All in all, each festival is a really exciting and challenging affair.

One of the highest honors a boy can receive is to be invited to join the Key Club. Before nomination, one must have a high scholastic rating, outstanding character, and leadership ability.

Key Club, sponsored by Kiwanis International, is a school service group. Landscaping projects, adopting of a foreign orphan, and placing benches around our school are some of the many services it has performed since 1952.

Each year ten girls are elected by the Key Club to be "Dixie Darlings." They are nominated and elected on the basis of popularity. These girls render services to the club and school where the feminine touch is needed. From the ten, one is elected Key Club Sweetheart and honored at the annual Key Club leadership banquet.

CAROLYN BURKE
1962 Key Club Sweetheart

Selecting the girl who is to be their club sweetheart is among the most difficult tasks Key Clubbers do all year. Their choice must be made from among ten Dixie Darlings whom they choose earlier in the year. This year's Darlings are Sandra Futrell, Cherry Carlisle, Patti Hames, Marilyn Jo Humphries, Bobbie Fairchild, Georgia Johnson, Sandy Puckett, Vicki Lott, Shirley Honeycutt, and Carolyn Burke.

For 1962 Key Club Sweetheart members of the club elected Carolyn Burke. Her selection was not announced until the annual leadership banquet, where she was presented the traditional roses and charm bracelet.

well is our endeavor ~

Service Club, which was organized just this year, performs many routine tasks for Pineville High School. Although it works in the background, this fine group renders services that are invaluable. All the delicious popcorn made for football games is popped by members of this group. Also many long hours are spent in the concession stand selling cokes, candy, and other goodies.

These are just a few services this organization has performed. Responsibility is upon each member to do his part in seeing that small duties are performed for the benefit of the entire school.

Junior Red Cross has as its main objective serving the people of Central Louisiana and of our school. By serving others, members develop better human relations in the community and around the world.

The Council consists of one elected representative from each homeroom. These pupils are selected for their willingness to support projects of the chapter. A representatives main function is to inform the homeroom of all projects sponsored by the Red Cross.

Membership in National Honor Society is one of the highest honors that a student of Pineville High School can achieve. Members must maintain a "B" average to remain in the club.

Goals of the organization are to create an enthusiasm for scholarship, to promote a desire to render service both to the school and the community, to develop leadership, and to build character. From this club comes outstanding citizens who will make tomorrow's leaders.

Honor societies and groups represent

Thespians has been active for five years at Pineville High. Members of this national society are select speech students who are outstanding in dramatics.

Students gain membership by earning points in speech activities. The club presents an annual play at school and sometimes travels with the debate team presenting one-act plays at the speech tournaments.

Goals of the Thespians are to establish and advance standards of excellence in all phases of the dramatic arts and to create an active and intelligent interest in drama among high school students.

Every year on the main campus of LSU representatives from high schools in Louisiana gather for the annual Leadership Conference. The purpose of the conference is to help those students who are leaders in school activities to develop even better leadership abilities and a keener awareness of the responsibilities they have to their teachers and classmates.

Fun, hard work, and friendship are combined to give those who attend experiences they will long remember. Those Juniors who are outstanding in leadership, character, and scholarship are chosen to attend these classes in library science, speech, journalism, and recreation.

service, talent, and leadership

To educate young men and women in the duties, privileges, rights, and responsibilities of being better citizens in America is the objective of Pelican State. It consists of a plan for training in the mechanics of government and the principles of democracy. The fundamental laws of Pelican State have been developed from the Constitution and laws of our State.

In Pelican State, the young citizen learns that the rights and privileges he holds go hand in hand with his responsibilities and personal participation in the various functions of our state government. The main lesson Pelican State strives to teach is that the kind of government one has is exactly what he has made it.

Y-Teens has consistently upheld high standards at PHS and is one of our oldest organizations ~

To build character, to promote world-wide fellowship, to uphold high Christian Ideals, and to have good fun are a few of the many aims which Y-Teens has promoted since its beginning at PHS in 1952.

The three Y-Teen clubs of Pineville High have been quite active this year as in the past. Each group has enthusiastically promoted various civic projects, parties for the sick and disabled, prepared baskets of food for needy families, and numerous other such pro-grams that interest any teenage girl.

Y-Teens, a junior organization of the YWCA, is certainly one of the most popular clubs for girls at our school.

4-H Club is one of the hardest working groups at Pineville High. 4-H means: Head, Heart, Hands, and Health. The club is affiliated with the national 4-H organization and members are active in all fifty states. Local sponsoring agencies are the offices of the county agent, and the home demonstration agent. The aim of the organization is the improvement of homemaking, animal husbandry, and agriculture.

We work toward the future

Making it possible for students to develop business leadership while obtaining a high school education is the purpose of the Distributive Education Club. To be a member of this group one must be a junior or senior who is interested in the benefits of employment while still in high school.

Our school offers its students the opportunity to work a half-day with the co-operation of local business firms. Attending school in the mornings these students work in the afternoon. This experience enables these students to build a firm foundation for the business life of tomorrow through actual experience.

Students who belong to the Junior Engineering Technical Society are able to secure accurate and complete information about careers in engineering. JETS draws its membership from members of the student body who plan to be engineers.

During each school session members of this organization have opportunities to visit various industrial plants in the state. Each plant is chosen because it offers club members information they can utilize in career planning.

In addition to field trips, the club also has as sources of information local engineers who are invited to speak at meetings.

Those who are active in JETS agree that the club offers valuable training.

and we progress

Recently a new activity, the intramural sports program, has been added to the extracurricular activities of PHS. It is headed by an intramural council composed of representatives from various clubs and organizations.

It offers students an opportunity to compete in various organized sports, and tournaments are held to stimulate competition among clubs that reach the play-offs.

Intramural activities are under the direction of the athletic department and thus far have been a tremendous success.

For ten years the Projection Club and Staff have faithfully assisted the faculty by showing films to classes. These groups operate and maintain school - owned audio - visual equipment.

After the members of the club successfully learn how to operate the machines, they are then advanced to the Projection Staff. This Staff not only helps the teachers, but gives invaluable service to the entire school. This club is among the service clubs at Pineville High.

Members of the Press Club are selected by the sponsors of the club and voted on by the members. Prospective members are chosen on the basis of outstanding work on both school publications, the *Ya-Hoo* and the *Kepi.* New members are selected at the end of the year from school journalists. Those who have worked diligently and faithfully are then honored.

These students keep our school in the public eye by preparing copy for publication in local newspapers. They receive training in journalism, and as the club is primarily engaged in writing projects, it performs an invaluable service in public relations.

For the first time in the school's ten-year history a Glee Club has been organized successfully. There was a Glee Club in 1952, but interest waned and it was disbanded. The present organization is under the capable direction of Mr. Joe Rivet and consists of students who enjoy singing all types of good music.

Those students who join the Glee Club join for the purpose of gaining vocal training and experience, thus increasing cultural activities and atmosphere in the school.

Desiring to serve one's fellow man is the basic requirement for membership in the Future Nurses of America.

The FNA is an organization which gives its members an opportunity to learn from experience some of the duties of nursing. Many phases of hospital work are presented to these girls who are interested in the medical profession. Such activities give girls experiences which permit them to learn what nursing is really like.

The Women's Auxiliary of the Rapides Parish Medical Society sponsors this organization and provides assistance whenever and wherever needed.

The Library Club, consisting of students from the tenth through twelfth grades who serve as assistants in the library, provides basic training for those students interested in becoming librarians.

Since 1952, checking out books and assisting with the finding of materials for reference work have been two of the routine tasks performed by members of this organization. Using their vacant periods for duty in the library, they check books in and out and shelve books as they are brought in. Without a doubt, this is one of the school's most valuable groups of student workers.

Dependable service is clubs' main objective

To promote interest in teaching as a career is the objective of the Future Teachers of America. The club provides young men and women who have the qualities, aptitudes, and desires to become top-notch teachers with opportunities to learn about the profession.

FTA chapters are sponsored by the National Education Association which feels that early emphasis upon teaching among high school students has proved beneficial in securing more good teachers. By devoting a certain amount of time to assisting teachers, members earn points and those with the highest number of points are eligible for offices in the club.

Among our school's most aggressive clubs is FBLL, the Future Business Leaders of Louisiana. This club strives to develop competent business leadership, to encourage each member to increase his own abilities in good business administration, and to participate in useful projects which improve the community and its business activities.

Each year the local chapter selects a boy and a girl from among its membership to be Mr. FBLL and Miss FBLL. This year Jimmie Renegar and Sandra Futrell were chosen recipients of this honor.

Proper business training assures a prosperous economy

FHA earns its way to convention by selling the best pancakes in the parish.

Future Homemakers of America is composed of girls who are interested in learning the art of making the home a happy place to live. Having been organized since 1953, the club has always been strongly supported by the girls of Pineville High.

Each member is concerned with her personal role in family life as well as laying a foundation for a happy future. These girls have a song and a creed, each expressing the spirit of the good homemaker. In their meetings they learn many new and interesting things about homemaking and what it is like to be a good homemaker.

Essential routine tasks must be done daily

Among the oldest service groups at the school is the Office Staff. It is composed of girls who enjoy performing routine office duties, who have a good scholastic standing, and who are dependable.

Duties which they perform are numerous and aid the secretary considerably. Included in these duties are running errands, filing records, checking absentees, and answering the telephone. Without the services of these girls, the office could not be effective or efficient and the secretary's usefulness would be greatly diminished because of demands incurred by details.

One group of boys that receives little recognition for the many services it renders to Pineville High is the Bookroom Staff. Keeping inventories, mending books, discarding old books, and maintaining a "lost and found" department are but a few of the various tasks staff members perform. The serviceability of our books depends on the efficiency of our Bookroom Staff.

Energetic debaters work, achieve, place –

"Resolved: 'That the Federal Government should guarantee an opportunity for higher education to qualified high school graduates.' " So goes the 1962 topic for debaters in the state of Louisiana.

Although a relatively new organization, Pineville High's debate team has done remarkably well. The main objective of the group is not only to represent the school with winning performances but also to learn to reason clearly and incisively. Both time and thought are required for the debaters to search and study with accuracy their contentions. Each member of the team becomes well-versed on the latest issues and the current problems of our world.

The Debate activities consist of debate clinics, warm-up debate contests, and local and state tournaments.

Preparations for tournaments require frequent checks and corrections by Mr. Hassell.

Alert editors and staffers look everywhere searching for news of school happenings

BOBBIE FAIRCHILD
Exchange Editor

"Here's our big story for the next issue!" is the call to work for every member of the editorial staff of the *Ya-Hoo*.

Published ten times during each session, our school paper is filled with timely editorial comment, the latest sports news and chatter, plus any news of events especially interesting to the student body. To collect and sift through the welter of information available and prepare copy makes each deadline seem almost impossible to meet, but *Ya-Hoo* reporters never fail to produce avidly read editions.

Few, except staff members, realize how much effort is required to produce each issue of the *Ya-Hoo* though all would miss its interesting, clever pages if a single edition were not to appear. Truly the *Ya-Hoo* is worthy of the pride each student has in it.

Ads sales and distribution are the tasks of business staffers

From one side of the river to the other, then back up Main Street, to small stores and large ones, to wholesaler and retailer alike go members of the *Ya-Hoo* business staff in their search for the ads that pay a large part of the costs involved in printing a school paper.

Because of this enthusiastic group of salesmen, the price of each issue of the *Ya-Hoo* is small and easily afforded by all. Early each September, staff members begin the behind-the-scenes operations necessary to finance publication.

Not only is this group responsible for the sale of ads but also they distribute each issue of the *Ya-Hoo*. Working closely with the editorial staff, they help to assure the appearance of ten issues of the school paper each session.

Without dedicated, efficient editors and business managers, a yearbook's production would be impossible to achieve. During its ten-year existence, the *Kepi* has always been served by conscientious groups of staff chiefs. The latest of these groups is pictured on these pages. For them, as for preceding editors, the greatest reward is a finished edition of the *Kepi* that pleases the student body.

Rough draft layouts, copy sheets, running heads and write-ups, photographs scattered about plus busy editors and staff workers are the foil against which a finished copy of the *Kepi* shines. Staff members devote untold hours of labor, not to mention worry, to the production of a quality yearbook for the students of Pineville High.

Planning for each edition of the yearbook begins in March or April of the school session with editors working in early summer to prepare the opening section of the new book. The purpose of all this advance planning is to make certain that each edition faithfully records all events of school-wide interest.

But all the work is not done by editorial staff members alone. Without the efforts of the business staff nothing could be accomplished. Financing the *Kepi* is an arduous task that involves the sale of ads to local business firms and the sale of yearbooks to the student body. By utilizing these sources of income to the fullest degree, the staff is able to secure the funds required to pay the costs of editorial work.

In addition to fund raising activities, the business staff performs other essential duties. Among these are planning a budget of the funds secured, preparing layouts and photographs for the ads section, distributing the annual, and paying for the yearly party for both staffs.

To complete each task essential to making a yearbook often seems an impossibility, yet for ten years staff workers, both editorial and business, have felt a glow of satisfaction when looking through "their" volume of the *Kepi*.

The Party's Over –

. . . and it has been loads of fun. Both staffs of the *Kepi* are grateful to each advertiser for his support and to the entire faculty for their patience and cooperation. To Mr. Fred Elsing of Taylor Publishing Company we are, as always, indebted for his willingness to help us with many problems which we could not have solved alone.

Each member of the staffs has endeavored to produce a yearbook that is accurate in its portrayal of the year's school events. Should the student body feel that the tenth edition of the *Kepi* does this, those who have worked to produce it will be well compensated.

Sincerely,

Marilyn Jo Humphries
